33 CFR Ch. I (7-1-03 Edition)

PROFITS AND EARNING CAPACITY

§ 136.231 Authorized claimants.

(a) A claim for loss of profits or impairment of earning capacity due to the injury to, destruction of, or loss of real or personal property or natural resources may be presented by a claimant sustaining the loss or impairment. The claimant need not be the owner of the damaged property or resources to recover for lost profits or income.

(b) A claim for loss of profits or impairment of earning capacity that also involves a claim for injury to, or economic losses resulting from destruction of, real or personal property must be claimed under § 136.213.

(c) A claim for loss of profits or impairment of earning capacity that also involves a claim for loss of subsistence use of natural resources must be claimed under § 136.219.

§ 136.233 Proof.

In addition to the requirements of subparts A and B of this part, a claimant must establish the following:

(a) That real or personal property or natural resources have been injured, destroyed, or lost.

(b) That the claimant's income was reduced as a consequence of injury to, destruction of, or loss of the property or natural resources, and the amount of that reduction.

(c) The amount of the claimant's profits or earnings in comparable periods and during the period when the claimed loss or impairment was suffered, as established by income tax returns, financial statements, and similar documents. In addition, comparative figures for profits or earnings for the same or similar activities outside of the area affected by the incident also must be established.

(d) Whether alternative employment or business was available and undertaken and, if so, the amount of income received. All income that a claimant received as a result of the incident must be clearly indicated and any saved overhead and other normal expenses not incurred as a result of the incident must be established.

§ 136.235 Compensation allowable.

The amount of compensation allowable is limited to the actual net reduction or loss of earnings or profits suffered. Calculations for net reductions or losses must clearly reflect adjustments for—

(a) All income resulting from the incident;

(b) All income from alternative employment or business undertaken;

(c) Potential income from alternative employment or business not undertaken, but reasonably available;

(d) Any saved overhead or normal expenses not incurred as a result of the incident; and

(e) State, local, and Federal taxes.

§ 136.239 Proof.

In addition to the requirements of subparts A and B of this part, a claimant must establish—

(a) The nature of the specific public services provided and the need for those services;

(b) That the services occurred during or after removal activities;

(c) That the services were provided as a result of a discharge of oil and would not otherwise have been provided; and
