

§ 222.172

(vi) Be eligible for funding under section 8002 of the Act (payments for Federal property).

(2) The Secretary must also consider such factors as an LEA's total assessed value of real property that may be taxed for school purposes, its availability and use of bonding capacity, and the nature and severity of its need for modernization funds.

(Authority: 20 U.S.C. 7707(b))

§ 222.172 What activities may an LEA conduct with funds received under this program?

(a) Except as provided in paragraph (c) of this section, an LEA may use emergency grant funds received under this program only to repair, renovate, or alter a public elementary or secondary school facility used for free public education to ensure the health, safety, and well-being of students and personnel.

(b) Except as provided in paragraph (c) of this section, an LEA may use modernization grant funds received under this program only to repair, renovate, alter, or extend a public elementary or secondary school facility used for free public education to provide school facilities that support a contemporary educational program for the LEA's students at normal capacity, and in accordance with the laws, standards, or common practices in the LEA's State.

(c)(1) An emergency or modernization grant under this program may be used for the construction of a new school facility but only if the Secretary determines—

(i) That the LEA holds title to the existing facility for which funding is requested; and

(ii) In consultation with a grantee, that partial or complete replacement of the facility would be less expensive or more cost-effective than improving the existing facility.

(2) When construction of school facilities is permitted, emergency and modernization funds may be used for new school facilities that are used for free public education. This may include the—

(i) Construction of instructional, resource, food service, and general or administrative support areas, so long as

34 CFR Ch. II (7–1–03 Edition)

they are a part of the instructional facility; and

(ii) Purchase of initial equipment, machinery, and initial utility connections.

(Authority: 20 U.S.C. 7707(b))

§ 222.173 What activities are prohibited?

The Secretary does not fund the following activities under this grant:

(a) Improvements on facilities for which the LEA does not have full title or other interest.

(b) Repair, renovation, alteration or construction for stadiums or other facilities that are primarily used for athletic contests, exhibitions, and other events for which admission is charged to the general public.

(c) Except in the limited circumstances as provided in § 222.172(c), when new construction is permissible, acquisition of any interest in real property.

(d) Maintenance costs associated with any of an LEA's school facilities.

(Authority: 20 U.S.C. 7707(b))

§ 222.174 What other prohibitions apply to these funds?

Grant funds under this program may not be used to supplant or replace other available non-Federal construction money. These grant funds may be used for emergency or modernization activities only to the extent that they supplement the amount of construction funds that would, in the absence of these grant funds, be available to a grantee from non-Federal funds for these purposes. Examples follow:

Example 1. "Supplanting": An LEA signs a contract for a \$300,000 roof replacement and plans to use its capital expenditure fund to pay for the renovation. Since the LEA already has non-Federal funds available for the roof project, it may not now use a grant from this program to pay for the project or replace its own funds in order to conserve its capital fund.

Example 2. "Non-supplanting": The LEA above that has the \$300,000 roof commitment has also received a \$400,000 estimate for the replacement of its facility's heating, ventilation, and air conditioning (HVAC) system. The LEA has not made any commitments for the HVAC system because it has no remaining funds available to pay for that work. Since other funds are not available, it would

not be supplanting if the LEA received an emergency grant under this program to pay for the HVAC system.

(Authority: 20 U.S.C. 7707(b))

§ 222.175 What regulations apply to recipients of funds under this program?

The following regulations apply to the Impact Aid Discretionary Construction program:

(a) The Education Department General Administrative Regulations (EDGAR) as follows:

(1) 34 CFR part 75 (Direct Grant Programs) except for 34 CFR 75.600 through 75.617.

(2) 34 CFR part 77 (Definitions that Apply to Department Regulations).

(3) 34 CFR part 79 (Intergovernmental Review of Department of Education Programs and Activities).

(4) 34 CFR part 80 (Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments).

(5) 34 CFR part 81 (General Education Provisions Act—Enforcement).

(6) 34 CFR part 82 (New Restrictions on Lobbying).

(7) 34 CFR part 85 (Governmentwide Debarment and Suspension (Non-procurement) and Governmentwide Requirements for Drug-Free Workplace (Grants)).

(b) The regulations in 34 CFR part 222, including subpart L.

(Authority: 20 U.S.C. 1221e-3)

§ 222.176 What definitions apply to this program?

(a) In addition to the terms referenced in 34 CFR § 222.2, the following definitions apply to this subpart:

Bond limit means the cap or limit that a State may impose on an LEA's capacity for bonded indebtedness. For applicants in States that place no limit on an LEA's capacity for bonded indebtedness, the Secretary shall consider the LEA's bond limit to be ten percent of its total assessed valuation.

Construction means:

(1) Preparing drawings and specifications for school facilities;

(2) Repairing, renovating, or altering school facilities;

(3) Extending school facilities as described in § 222.172(b);

(4) Erecting or building school facilities, as described in 222.172(c); and

(5) Inspections or supervision related to school facilities projects.

Emergency means a school facility condition that is so injurious or hazardous that it either poses an immediate threat to the health and safety of the facility's students and staff or can be reasonably expected to pose such a threat in the near future. These conditions can include the need to repair, replace, or install: a roof; electrical wiring; a plumbing or sewage system; or heating, ventilation, or air conditioning; or to bring a school facility into compliance with fire and safety codes.

Level of bonded indebtedness means the amount of long-term debt issued by an LEA divided by the LEA's bonding capacity.

Minimal capacity to issue bonds means that the total assessed value of real property in an LEA that may be taxed for school purposes is at least \$25,000,000 but not more than \$50,000,000.

Modernization means the repair, renovation, alteration, or extension of a public elementary or secondary school facility in order to support a contemporary educational program for an LEA's students in normal capacity, and in accordance with the laws, standards or common practices in the LEA's State.

No practical capacity to issue bonds means that the total assessed value of real property in an LEA that may be taxed for school purposes is less than \$25,000,000.

Total assessed value per student means the assessed valuation of real property per pupil (AVPPP), unless otherwise defined by an LEA's State.

(Authority: 20 U.S.C. 7707(b))
