

§ 668.145 Test approval procedures.

Except as provided in § 668.143—

(a)(1) When the Secretary receives a complete application from a test publisher, the Secretary selects experts in the field of educational testing and assessment, who possess appropriate advanced degrees and experience in test development or psychometric research, to determine whether the test meets the requirements for test approval contained in §§ 668.146, 668.147, 668.148, or 668.149, as appropriate, and to advise the Secretary of their determinations;

(2) If the test involves a language other than English, the Secretary selects at least one individual described in paragraph (a)(1) of this section who is fluent in the language in which the test is written to advise the Secretary on whether the test meets the additional criteria, provisions, and conditions for test approval contained in §§ 668.148 and 668.149;

(b) The Secretary determines whether the test publisher's test meets the criteria and requirements for approval after taking the advice of the experts into account;

(c)(1) If the Secretary determines that a test satisfies the criteria and requirements for test approval, the Secretary notifies the test publisher of the Secretary's decision, and publishes the name of the test and the passing scores in the FEDERAL REGISTER.

(2) If the Secretary determines that a test does not satisfy the criteria and requirements for test approval, the Secretary notifies the test publisher of the Secretary's decision, and the reasons why the test did not meet those criteria and requirements.

(3) The test publisher may request that the Secretary reevaluate the Secretary's decision. Such a request must be accompanied by—

(i) Documentation and information that address the reasons for the non-approval of the test; and

(ii) An analysis of why the information and documentation submitted meet the criteria and requirements for test approval notwithstanding the Secretary's earlier decision to the contrary.

(d)(1) The Secretary approves a test for a period not to exceed five years

from the date of the Secretary's written notice to the test publisher.

(2) The Secretary extends the approval period of a test to include the period of review if the test publisher re-submits the test for review and approval under § 668.144 at least six months before the date on which the test approval is scheduled to expire;

(e) The approval of a test may be withdrawn if the Secretary determines that the publisher violated any terms of the agreement described in § 668.150, or that the information the publisher submitted as a basis for approval of the test was inaccurate;

(f) If the Secretary revokes approval of a previously approved test, the Secretary publishes a notice of that revocation in the FEDERAL REGISTER. The revocation becomes effective 120 days from the date the notice of revocation is published in the FEDERAL REGISTER; and

(g) For test batteries that contain multiple sub-tests measuring content domains other than verbal and quantitative domains, the Secretary reviews only those subtests covering verbal and quantitative domains.
