

of an inventor or inventors were omitted in a provisional application through error without any deceptive intention on the part of the omitted inventor or inventors, the provisional application may be amended to add the name or names of the omitted inventor or inventors. Amendment of the inventorship requires:

(1) A request, signed by a party set forth in §1.33(b), to correct the inventorship that identifies the inventor or inventors being added and states that the inventorship error occurred without deceptive intention on the part of the omitted inventor or inventors; and

(2) The processing fee set forth in §1.17(q).

(e) *Provisional application—deleting the name or names of the inventor or inventors.* If a person or persons were named as an inventor or inventors in a provisional application through error without any deceptive intention on the part of such person or persons, an amendment may be filed in the provisional application deleting the name or names of the person or persons who were erroneously named. Amendment of the inventorship requires:

(1) A request to correct the inventorship that sets forth the desired inventorship change;

(2) A statement by the person or persons whose name or names are being deleted that the inventorship error occurred without deceptive intention on the part of such person or persons;

(3) The processing fee set forth in §1.17(q); and

(4) If an assignment has been executed by any of the original named inventors, the written consent of the assignee (see §3.73(b) of this chapter).

(f)(1) *Nonprovisional application—filing executed oath/declaration corrects inventorship.* If the correct inventor or inventors are not named on filing a nonprovisional application under §1.53(b) without an executed oath or declaration under §1.63 by any of the inventors, the first submission of an executed oath or declaration under §1.63 by any of the inventors during the pendency of the application will act to correct the earlier identification of inventorship. See §§1.41(a)(4) and 1.497(d) and (f) for submission of an exe-

cuted oath or declaration to enter the national stage under 35 U.S.C. 371 naming an inventive entity different from the inventive entity set forth in the international stage.

(2) *Provisional application—filing cover sheet corrects inventorship.* If the correct inventor or inventors are not named on filing a provisional application without a cover sheet under §1.51(c)(1), the later submission of a cover sheet under §1.51(c)(1) during the pendency of the application will act to correct the earlier identification of inventorship.

(g) *Additional information may be required.* The Office may require such other information as may be deemed appropriate under the particular circumstances surrounding the correction of inventorship.

(h) *Reissue applications not covered.* The provisions of this section do not apply to reissue applications. See §§1.171 and 1.175 for correction of inventorship in a patent via a reissue application.

(i) *Correction of inventorship in patent or interference.* See §1.324 for correction of inventorship in a patent, and §1.634 for correction of inventorship in an interference.
