

§ 18.434

38 CFR Ch. I (7-1-03 Edition)

Handicapped Act is one means of meeting the standard established in paragraph (b)(1)(i) of this section.

(3) A recipient may place a qualified handicapped person in or refer that person to a program other than the one that it operates as its means of carrying out the requirements of §§18.431 through 18.439. The recipients remain responsible for ensuring that the requirements of §§18.431 through 18.439 are met with respect to any qualified handicapped person so placed or referred.

(c) *Free education.* (1) The provision of a free education is the provision of educational and related services without cost to the handicapped person, parents or guardian, except for those fees that are imposed on nonhandicapped persons or their parents or guardian. It may consist either of the provision of free services or, if a recipient places a handicapped person in or refers that person to a program not operated by the recipient as its means of carrying out the requirements of §§18.431 through 18.439, of payment for the costs of the program. Funds available from any public or private agency may be used to meet the requirements of this subpart. Nothing in this section shall be construed to relieve an insurer or similar third party from an otherwise valid obligation to provide or pay for services provided to a handicapped person.

(2) If a recipient places a handicapped person in or refers that person to a program not operated by the recipient as its means of carrying out the requirements of this subpart, the recipient shall ensure that adequate transportation to and from the program is provided at no greater cost than would be incurred by the person, parents or guardian if the person were placed in the program operated by the recipient.

(3) If placement in a public or private residential program is necessary to provide free appropriate public education to a handicapped person because of his or her handicap, the program, including non-medical care and room and board, shall be provided at no cost to the person, parents or guardian.

(4) If a recipient has made available, in conformance with this section and §18.434, a free appropriate public edu-

cation to a handicapped person and the person's parents or guardian chooses to place the person in a private school, the recipient is not required to pay for the person's education in the private school. Disagreements between a parent or guardian and a recipient regarding whether the recipient has made such a program available or regarding the question of financial responsibility are subject to the due process procedures of §18.436.

(d) *Compliance.* A recipient may not exclude any qualified handicapped person from a public elementary or secondary education after the effective date of this part. A recipient that is not, on the effective date of this part, in full compliance with the requirements of paragraphs (a) through (c) of this section shall meet those requirements at the earliest practicable time, but not later than October 1, 1981.

[45 FR 63268, Sept. 24, 1980, as amended at 51 FR 10385, Mar. 26, 1986; 51 FR 12702, Apr. 15, 1986]

§ 18.434 Education setting.

(a) *Academic setting.* A recipient shall educate, or shall provide for the education of, each qualified handicapped person in its jurisdiction with persons who are not handicapped to the maximum extent appropriate to the needs of the handicapped person. A recipient shall place a handicapped person in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. In deciding whether to place a person in a setting other than the regular educational environment, a recipient shall consider the proximity of the alternate setting to the person's home.

(b) *Nonacademic settings.* In providing or arranging for the provision of non-academic and extracurricular services and activities, a recipient shall ensure that handicapped persons participate with nonhandicapped persons in those activities and services to the maximum extent appropriate to the needs of the handicapped person in question.

(c) *Comparable facilities.* If a recipient in compliance with paragraph (a) of

Department of Veterans Affairs

§ 18.437

this section operates a facility that is identifiable as being for handicapped persons, the recipient shall ensure that the facility and the services and activities provided in that facility are comparable to the other facilities, services, and activities of the recipient.

§ 18.435 Evaluation and placement.

(a) *Preplacement evaluation.* A recipient that operates a public elementary or secondary education program shall conduct an evaluation of any qualified person who, because of handicap, needs or is believed to need special education or related services before taking any action concerning the initial placement of the person in a regular or special program and any subsequent change in placement.

(b) *Evaluation procedures.* Elementary, secondary, and adult education programs and activities that receive or benefit from Federal financial assistance shall establish standards and procedures for the evaluation and placement of persons who, because of handicap, need or are believed to need special education or related services which ensure that:

(1) Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer;

(2) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

(3) Tests are selected and administered to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflect the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)

(c) *Placement procedures.* In interpreting evaluation data and in making placement decisions, a recipient shall:

(1) Draw upon information from a variety of sources, including aptitude and

achievement tests, teacher recommendations, physical condition, social or cultural background and adaptive behavior;

(2) Establish procedures to ensure that information obtained from all sources is documented and carefully considered;

(3) Ensure that the placement decision is made by a group of persons, including persons knowledgeable about the student, the meaning of the evaluation data and the placement options; and

(4) Ensure that the placement decision is made in accordance with § 18.434.

(d) *Reevaluation.* A recipient to which this section applies shall establish procedures, in accordance with paragraph (b) of this section, for periodic reevaluation of students who have been provided special education and related services. A reevaluation procedure consistent with the Education for the Handicapped Act is one means of meeting this requirement.

§ 18.436 Procedural safeguards.

(a) A recipient that operates a public elementary or secondary education program shall implement a system of procedural safeguards with respect to actions regarding the identification, evaluation, or educational placement of persons who, because of handicap, need or are believed to need special instruction or related services. The system shall include:

(1) Notice;

(2) An opportunity for the parents or guardian of the person to examine relevant records;

(3) An impartial hearing with opportunity for participation by the person's parents or guardian and representation by counsel; and

(4) Review procedure.

(b) Compliance with the procedural safeguards of section 615 of the Education of the Handicapped Act is one means of meeting this requirement.

§ 18.437 Nonacademic services.

(a) *General.* (1) Elementary, secondary, and adult education programs that receive or benefit from Federal financial assistance shall provide non-academic and extracurricular services and activities in a manner which gives
