§ 21.130 Educational and vocational courses outside the United States.

(a) *General.* VA may provide educational and vocational courses outside a State if the case manager determines that such training is in the best interest of the veteran and the Federal Government.

(b) *Specific conditions.* (1) The training must be necessary to enable the veteran to qualify for, obtain, and retain suitable employment in the occupational objective; and

(2) Either:

(i) The training is not available in the United States; or

(ii) The training is available in the United States, but personal hardship would result from requiring that the veteran pursue training in this country; and

(3) All necessary supportive and follow-up services, including medical care and treatment and employment services, reasonably can be provided by or through VA, considering such factors as the availability, accessibility and cost of such services.

§ 21.132 Repetition of the course.

(a) *Repeating all or part of the course.* A veteran, having completed a course under Chapter 31 according to the standards and practices of the institution, ordinarily will not pursue it again at the expense of VA. However, VA may approve repetition of all, or any part of the course when VA determines that the repetition is necessary to accomplish the veteran's vocational rehabilitation. A veteran repeating a course under Chapter 31 is subject to the same requirements for satisfactory pursuit and completion of the course as are other veterans taking the course unless a longer period is needed because of the veteran's reduced work tolerance.

(Authority: 38 U.S.C. 3104(a)(7))

(b) *Review course.* A veteran who has completed a course of training under Chapter 31 may pursue a review course, such as a bar review course, if it is specifically organized and conducted as a review course.

(Authority: 38 U.S.C. 3104(a)(7))

(c) *Auditing a subject.* Auditing, as defined in § 21.4200(i), may not be authorized as a part of any rehabilitation plan. However, if an individual repeats a course under the conditions described in paragraph (a) of this section, the course shall not be considered an audited course, if pursued in the same manner as a subject offered for credit. The individual must meet the same requirements as other students, and not be a mere listener.

§ 21.134 Limitation on flight training.

Flight Training approved under chapter 31 may only be authorized in degree curriculums in the field of aviation that include required flight training. This type of training is otherwise subject to the same limitations as are applicable to flight training under Chapter 30.
