§21.7673

the course according to paragraph (c) of this section.

(4) VA will apply the provisions of §21.4272(g) to new enrollments beginning on or after July 1, 1993, if one or more of the reservist's courses are offered during a nonstandard term.

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3688(a)(7))

(c) *Clock-hour measurement.* The provisions of this paragraph apply to all enrollments in courses not leading to a standard college degree. If VA concludes that the courses in which a reservist is enrolled do not qualify for credit-hour measurement, VA shall measure those courses as follows. (Supervised study shall be excluded from measurement of all courses to which this paragraph applies).

(1) If shop practice is an integral part of the course—

(i) Full-time training shall be 22 clock hours attendance with not more than 2½ hours rest period allowance;

(ii) Three-quarter-time training shall be 16 through 21 clock hours attendance with not more than 2 hours rest period allowance;

(iii) Half-time training shall be 11 through 15 clock hours attendance with not more than 1¼ hours rest period allowance; and

(iv) One-quarter-time training shall be 1 through 10 clock hours attendance. For attendance of 6 through 10 clock hours, there shall be not more than one quarter hour rest period allowance. For attendance of 1 through 5 clock hours, there shall be no rest period allowance.

(2) If theory and class instruction predominates—

(i) Full-time training is 18 clock hours net instruction;

(ii) Three-quarter-time training is 13 through 17 clock hours net instruction;

(iii) Half-time training is 9 through 12 clock hours net instruction; and

(iv) Less than half-time training is 1 through 8 clock hours net instruction. In measuring net instruction for this paragraph there will be included customary intervals not to exceed 10 min-

utes between classes; however, supervised study must be excluded.

§21.7673 Measurement of concurrent enrollments.

(a) *Conversion of units of measurement required.* Where a reservist enrolls concurrently in courses offered by two schools and the standards for measurement of the courses pursued concurrently in the two schools are different, the Department of Veterans Affairs will measure the reservist's enrollment by converting the units of measurement for courses in the second school to their equivalent in units of measurement required for the courses in the program of education which the reservist is pursuing at the primary institution. This conversion will be accomplished as follows:

(1) If VA measures the course at the primary institution on a credit-hour basis (including a course which does not lead to a standard college degree, which is being measured on a credit-hour basis as provided in §21.7672(b)), and VA measures the courses at the second school on a clock-hour basis, the clock hours will be converted to credit hours.

(2) If VA measures the courses pursued at the primary institution on a clock-hour basis, and VA measures the courses pursued at the second school on a credit-hour basis, including courses which qualify for credit-hour measurement on the basis of §21.7672(b), VA will convert the credit hours to clock hours to determine the reservist's training time.

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3688)

(b) *Conversion of clock hours to credit hours.* If the provisions of paragraph (a) of this section require the Department of Veteran Affairs to convert clock hours, it will do so by—

(1) Dividing the number of credit hours which the Department of Veterans Affairs considers to be full-time at the educational institution whose

courses are measured on a credit-hour basis by the number of clock hours which are full-time at the educational institution whose courses are measured on a clock-hour basis; and

(2) Multiplying each clock hour of attendance by the decimal determined in paragraph (b)(1) of this section. The Department of Veterans Affairs will drop all fractional hours.

(Authority: 10 U.S.C. 16136(b), 38 U.S.C. 3688)

(c) *Conversion of credit hours to clock hours.* If the provisions of paragraph (a) of this section require the Department of Veterans Affairs to convert credit hours to clock hours, it will do so by—

(1) Dividing the number of clock hours which the Department of Veterans Affairs considers to be full-time at the educational institution whose courses are measured on a clock-hour basis by the number of credit hours which are full-time at the educational institution whose courses are measured on a credit-hour basis; and

(2) Multiplying each credit hour by the number determined in paragraph (b)(1) of this section. The Department of Veterans Affairs will drop all fractional hours.

(Authority: 10 U.S.C. 16136(b), 38 U.S.C. 3688)

(d) *Standards for measurement the same.* If VA measures the courses pursued at both institutions on either a clock-hour basis or a credit-hour basis, VA will measure the reservist's enrollment by adding together the units of measurement for the courses in the second school and the units of measurement for courses in the primary institution. The standard for full time will be the full-time standard for the courses at the primary institution.

§21.7674 Measurement of practical training courses.

(a) *Nursing courses.* (1) Courses for the objective of registered nurse or registered professional nurse will be measured on the basis of credit hours or clock hours of attendance, whichever is appropriate. The clock hours of attend-

ance may include academic class time, clinical training, and supervised study periods.

(2) Courses offered by institutions of higher learning which lead to the objective of practical nurse, practical trained nurse, or licensed practical nurse will be measured on credit hours or clock hours of attendance per week whichever is appropriate.

(Authority: 10 U.S.C. 16136(b), 38 U.S.C. 3688; Pub. L. 98-525)

(b) *Medical and dental assistants courses for VA.* Programs approved in accordance with the provisions of §21.7720(b)(9) will be measured on a clock-hour basis as provided in §21.7672. However, the program will be regarded as full-time institutional training, provided the combined total of the classroom and other formal instruction portion of the program and the on-the-job portion of the program requires 30 or more clock hours of attendance per week.

(Authority: 10 U.S.C. 16136(b), 38 U.S.C. 3688; Pub. L. 98-525)

(c) *Other practical training courses.* These courses will be measured in semester hours of credit or clock hours of attendance per week, whichever is appropriate.
