

Department of Veterans Affairs

§ 21.8082

principles for charging entitlement under § 21.8020.

(Authority: 38 U.S.C. 1804(d), 1814)

INDIVIDUALIZED WRITTEN PLAN OF VOCATIONAL REHABILITATION

§ 21.8080 Requirement for an individualized written plan of vocational rehabilitation.

(a) *General.* A CP or VRC will work in consultation with each child for whom a vocational goal is feasible to develop an individualized written plan of vocational rehabilitation services and assistance to meet the child's vocational training needs. The CP or VRC will develop this individualized written plan of vocational rehabilitation in a manner comparable to the rules governing the development of an individualized written rehabilitation plan (IWRP) for a veteran for 38 U.S.C. chapter 31 purposes, as §§ 21.80, 21.84, 21.88, 21.90, 21.92, 21.94 (a) through (d), and 21.96 provide.

(Authority: 38 U.S.C. 1804(b), 1814)

(b) *Selecting the type of training to include in the individualized written plan of vocational rehabilitation.* If training is necessary, the CP or VRC will explore a range of possibilities, to include paid and unpaid on-job training, institutional training, and a combination of on-job and institutional training to accomplish the goals of the program. Generally, an eligible child's program should include on-job training, or a combination of on-job and institutional training, when this training:

- (1) Is available;
- (2) Is as suitable as using only institutional training for accomplishing the goals of the program; and
- (3) Will meet the child's vocational training program needs.

(Authority: 38 U.S.C. 1804(b), (c), 1814)

§ 21.8082 Inability of child to complete individualized written plan of vocational rehabilitation or achieve vocational goal.

(a) *Inability to timely complete an individualized written plan of vocational rehabilitation or achieve identified goal.* After a vocational training program has begun, the VR&E case manager may determine that the eligible child cannot complete the vocational train-

ing program described in the child's individualized written plan of vocational rehabilitation within the time limits of the individualized written plan of vocational rehabilitation or cannot achieve the child's identified vocational goal. Subject to paragraph (b) of this section, VR&E may assist the child in revising or selecting a new individualized written plan of vocational rehabilitation or goal.

(b) *Allowable changes in the individualized written plan of vocational rehabilitation or goal.* Any change in the eligible child's individualized written plan of vocational rehabilitation or vocational goal is subject to the child's continuing eligibility under the vocational training program and the provisions governing duration of a vocational training program in §§ 21.8020(e) and 21.8070 through 21.8074.

(Authority: 38 U.S.C. 1804(d), 1804(e), 1814)

(c) *Change in the individualized written plan of vocational rehabilitation or vocational goal.* (1) The individualized written plan of vocational rehabilitation or vocational goal may be changed under the same conditions as provided for a veteran under § 21.94 (a) through (d), and subject to § 21.8070 (d) through (f), if:

(i) The CP or VRC determines that achievement of a vocational goal is still reasonably feasible and that the new individualized written plan of vocational rehabilitation or goal is necessary to enable the eligible child to prepare for and participate in vocational training or employment; and

(ii) Reentrance is authorized under § 21.8284 in a case when the child has completed a vocational training program under this subpart.

(2) A CP or VRC may approve a change of vocational goal from one field or occupational family to another field or occupational family if the child can achieve the new goal:

(i) Before the end of the basic 24-month entitlement period that § 21.8020(e)(1) describes; or

(ii) Before the end of any allowable extension under §§ 21.8020(e)(2) and 21.8072 if the new vocational goal in another field or occupational family was identified during the basic 24-month entitlement period.

§21.8100

(3) A change from one occupational objective to another in the same field or occupational family does not change the planned vocational goal.

(4) The child must have sufficient remaining entitlement to pursue the new individualized written plan of vocational rehabilitation or goal, as §21.8020 provides.

(Authority: 38 U.S.C. 1804(d), 1814)

(d) *Assistance if child terminates planned program before completion.* If the eligible child elects to terminate the planned vocational training program, he or she will receive the assistance that §21.80(d) provides in identifying other resources through which to secure the desired training or employment.

(Authority: 38 U.S.C. 1804(c), 1814)

COUNSELING

§21.8100 Counseling.

An eligible child requesting or receiving services and assistance under this subpart will receive professional counseling by VR&E and other qualified VA staff members, and by contract counseling providers, as necessary, in a manner comparable to VA's provision of these services to veterans under the 38 U.S.C. chapter 31 program, as §§21.100 and 21.380 provide.

(Authority: 38 U.S.C. 1803(c)(8), 1804(c), 1814)

VOCATIONAL TRAINING, SERVICES, AND ASSISTANCE

§21.8120 Vocational training, services, and assistance.

(a) *Purposes.* An eligible child may receive training, services, and assistance to enable the child to prepare for and participate in vocational training or employment.

(Authority: 38 U.S.C. 1804(b), (c), 1814)

(b) *Training permitted.* VA and the child will select vocationally oriented courses of study and training, completion of which usually results in a diploma, certificate, degree, qualification for licensure, or direct placement in employment. The educational and training services to be provided include:

(1) Remedial, deficiency, and refresher training; and

(2) Training that leads to an identifiable vocational goal. Under this program, VA may authorize all forms of programs that §§21.122 through 21.132 describe. This includes education and training programs in institutions of higher education. VA may authorize the education and training at an undergraduate or graduate degree level, only if the degree program is predominantly vocational in nature. For an eligible child to participate in a graduate degree program, the graduate degree must be a requirement for entry into the child's vocational goal. For example, a master's degree is required to engage in social work. The program of training is predominantly vocational in content if the majority of the instruction provides the technical skills and knowledge employers generally regard as specific to, and required for, entry into the child's vocational goal.

(c) *Cost of education and training services.* The CP or VRC will consider the cost of training in selecting a facility when:

(1) There is more than one facility in the area in which the child resides that:

(i) Meets the requirements for approval under §§21.290 through 21.298 (except as provided by §21.8286(b)),

(ii) Can provide the training, services and other supportive assistance the child's individualized written plan of vocational rehabilitation specifies, and

(iii) Is within reasonable commuting distance; or

(2) The child wishes to train at a suitable facility in another area, even though a suitable facility in the area where the child lives can provide the training. In considering the costs of providing training in this case, VA will use the provisions of §21.120 (except 21.120(a)(3)), §21.370 (however, the words "under §21.282" in §21.370(b)(2)(iii)(B) do not apply), and §21.372 in a manner comparable to that for veterans under the 38 U.S.C. chapter 31 program.

(Authority: 38 U.S.C. 1804(b), (c), 1814)

(d) *Accessible courses not locally available.* If suitable vocational training courses are not available in the area in which the child lives, or if they are available but not accessible to the
