**§ 59.50 Priority list.**

(a) The Secretary will make a list prioritizing the applications that were received on or before August 15 and that were approved under § 59.20 of this part. Except as provided in paragraphs (b) and (c) of this section, applications will be prioritized from the highest to the lowest in the following order:

(1) *Priority group 1.* An application from a State that has made sufficient funds available for the project for which the grant is requested so that such project may proceed upon approval of the grant without further action required by the State (such as subsequent issuance of bonds) to make such funds available for the project. To meet this criteria, the State must provide to VA a letter from an authorized State budget official certifying that the State funds are, or will be, available for the project, so that if VA awards the grant, the project may proceed without further State action to make such funds available (such as further action to issue bonds). If the certification is based on an Act authorizing the project and making available the State's matching funds for the project, a copy of the Act must be submitted with the certification.

(i) *Priority group 1—subpriority 1.* An application for a project to remedy a condition, or conditions, at an existing facility that have been cited as threatening to the lives or safety of the residents in the facility by a VA Life Safety Engineer, a State or local government agency (including a Fire Marshal), or an accrediting institution (including the Joint Commission on Accreditation of Healthcare Organizations). This priority group does not include applications for the addition or replacement of building utility systems, such as heating and air conditioning systems or building features, such as roof replacements. Projects in

this subpriority will be further prioritized in the following order: seismic; building construction; egress; building compartmentalization (e.g., smoke barrier, fire walls); fire alarm/detection; asbestos/hazardous materials; and all other projects. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

(ii) *Priority group 1—subpriority 2.* An application from a State that has not previously applied for a grant under 38 U.S.C. 8131-8137 for construction or acquisition of a State nursing home. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

(iii) *Priority group 1—subpriority 3.* An application for construction or acquisition of a nursing home or domiciliary from a State that has a great need for the beds that the State, in that application, proposes to establish. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

(iv) *Priority group 1—subpriority 4.* An application from a State for renovations to a State Home facility other than renovations that would be included in subpriority 1 of Priority group 1. Projects will be further prioritized in the following order: adult day health care construction; nursing home construction (e.g., patient privacy); code compliance under the Americans with Disabilities Act; building systems and utilities (e.g., electrical; heating, ventilation, and air conditioning (HVAC); boiler; medical gasses; roof; elevators); clinical-support facilities (e.g., for dietetics, laundry, rehabilitation therapy); and general renovation/upgrade (e.g., warehouse, storage, administration/office, multipurpose). Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

(v) *Priority group 1—subpriority 5.* An application for construction or acquisition of a nursing home or domiciliary from a State that has a significant need for the beds that the State in that application proposes to establish. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

(vi) *Priority group 1—subpriority 6.* An application for construction or acquisition

of a nursing home or domiciliary from a State that has a limited need for the beds that the State, in that application, proposes to establish. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

NOTE TO PARAGRAPH (A)(1): The following chart is intended to provide a graphic aid for understanding Priority group 1 and its subpriorities.

Example – Prioritization for Priority Group 1

(2) *Priority group 2.* An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(i) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(i) of this section.

(3) *Priority group 3.* An application not meeting the criteria of paragraph

(a)(1) of this section but meeting the criteria of paragraph (a)(1)(ii) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(ii) of this section.

(4) *Priority group 4.* An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(iii) of this

§ 59.60

section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(iii) of this section.

(5) *Priority group 5.* An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(iv) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(iv) of this section.

(6) *Priority group 6.* An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(v) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(v) of this section.

(7) *Priority group 7.* An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(vi) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(vi) of this section.

(b) An application will be given highest priority on the priority list for the next fiscal year within the priority group to which it is assigned in paragraph (a) of this section (without consideration of subpriorities) if:

(1) During the current fiscal year the State accepted a grant for that application that was less than the amount that would have been awarded if VA had sufficient appropriations to award the full amount of the grant requested; and

(2) The application was the lowest-ranking application on the priority list for the current fiscal year for which grant funds were available.

(c) An application will be given priority on the priority list (after applications described in paragraph (b) of this section) for the next fiscal year ahead of all applications that had not been approved under § 59.20 on the date that the application was approved under § 59.20, if:

(1) During the current fiscal year VA would have awarded a grant based on the application except for the fact that VA determined that the State did not, by July 1, provide evidence that it had its matching funds for the project, and

(2) The State was notified prior to July 1 that VA had funding available for this grant application.

(d) The priority list will not contain any project for the construction or acquisition of a hospital or hospital beds.

(e) For purposes of establishing priorities under this section:

(1) A State has a great need for nursing home and domiciliary beds if the State:

(i) Has no State homes with nursing home or domiciliary beds, or

(ii) Has an unmet need of 2,000 or more nursing home and domiciliary beds;

(2) A State has a significant need for nursing home and domiciliary beds if the State has an unmet need of 1,000 to 1,999 nursing home and domiciliary beds; and

(3) A State has a limited need for nursing home and domiciliary beds if the State has an unmet need of 999 or fewer nursing home and domiciliary beds.

(f) Projects that could be placed in more than one subpriority will be placed in the subpriority toward which the preponderance of the cost of the project is allocated. For example, under priority group 1—subpriority 1, if a project for which 25 percent of the funds needed would concern seismic and 75 percent of the funds needed would concern building construction, the project would be placed in the subpriority for building construction.

(g) Once the Secretary prioritizes the applications in the priority list, VA will not change the priorities unless a change is necessary as a result of an appeal.
