§ 102-76.5 What is the scope of this part?

The real property policies contained in this part apply to Federal agencies, including the GSA/Public Buildings Service (PBS), operating under, or subject to, the authorities of the Administrator of General Services.

§ 102-76.10 What basic design and construction policy governs Federal agencies?

Federal agencies, upon approval from GSA, are bound by the following basic design and construction policies:

(a) Provide the highest quality services for designing and constructing new Federal facilities and for repairing and altering existing Federal facilities. These services must be timely, efficient, and cost effective.

(b) Use a distinguished architectural style and form in Federal facilities that reflects the dignity, enterprise, vigor and stability of the Federal Government.

(c) Follow nationally recognized model building codes and other appli-

cable nationally recognized codes that govern Federal construction to the maximum extent feasible and consider local building code requirements. (See 40 U.S.C. 618 and 619.)

(d) Design Federal buildings to have a long life expectancy and accommodate periodic changes due to renovations.

(e) Make buildings cost effective, energy efficient, and accessible to and usable by the physically impaired.

(f) Provide for building service equipment that is accessible for maintenance, repair, or replacement without significantly disturbing occupied space.

(g) Consider ease of operation when selecting mechanical and electrical equipment.

(h) Agencies must follow the prospectus submission and approval policy identified in §§ 102-73.95 and 102-73.100 of this chapter.

§ 102-76.15 What are design and construction services?

Design and construction services are:

(a) Site planning and landscape design;

(b) Architectural and interior design; and

(c) Engineering systems design.

§ 102-76.20 What issues must Federal agencies consider in providing site planning and landscape design services?

In providing site planning and design services, Federal agencies must:

(a) Make the site planning and landscape design a direct extension of the building design;

(b) Make a positive contribution to the surrounding landscape;

(c) Consider requirements (other than procedural requirements) of local zoning laws and laws relating to setbacks, height, historic preservation and aesthetic qualities of a building;

(d) Identify areas for future building expansion in the architectural and site design concept for all buildings where an expansion need is identified to exist;

(e) Create a landscape design that is a pleasant, dynamic experience for occupants and visitors to Federal facilities and, where appropriate, encourage
