§ 302-17.5

spread over more than one year, he/she will have more than one Year 1.

(f) *Year 2.* The calendar year in which a claim for the RIT allowance is paid.

(1) Generally, Year 2 will be the calendar year immediately following Year 1 and in which the employee files a tax return reflecting his/her tax liability for income received in Year 1. However, there may be instances where the employee's claims submission and/or payment of the RIT allowance is delayed beyond the calendar year immediately following Year 1. (Year 1 will always be the calendar year that reimbursements are received; see paragraph (e) of this section.) Year 2 will be the calendar year in which the RIT allowance is actually paid.

(2) The RIT allowance is calculated in Year 2 and paid to cover the additional tax liability (resulting from moving expense reimbursements received in Year 1) not covered by the WTA paid in Year 1. If an employee's covered taxable reimbursements are spread over more than one year, he/she will have more than one Year 2.

(g) *Federal withholding tax rate (FWTR).* The tax rate applied to incremental income to determine the amount to be withheld for Federal income tax from salary or other compensation such as moving expense reimbursements. Because moving expense reimbursements constitute supplemental wages for Federal income tax purposes, the 20 percent flat rate of withholding is generally applicable to such reimbursements. (See § 302-17.7(c).) Agencies should refer to the Treasury Financial Manual, TFM 3-5000, and applicable IRS regulations for complete and up-to-date information on this subject.

(h) *Earned income.* For purposes of the RIT allowance, "earned income" shall include only the gross compensation (salary, wages, or other compensation such as reimbursement for moving expenses and the related WTA (see paragraph (n) of this section) and any RIT allowance (see paragraph (m) of this section) paid for moving expense reimbursement in a prior year) that is reported as income on IRS Form W-2 for the employee (employee and spouse, if filing jointly), and if applicable, the net earnings (or loss) for self-employ-

ment income shown on Schedule SE of the IRS Form 1040. Earned income may be from more than one source. (See § 302-17.8(d).)

(i) *Marginal tax rate (MTR).* The tax rate (for example, 33 percent) applicable to a specific increment of income. The Federal, Puerto Rico, and State marginal tax rates to be used in calculating the RIT allowance are provided in appendices A through D of this part. (See § 302-17.8(e)(3) for instructions on local marginal tax rate determinations.)

(j) *Combined marginal tax rate (CMTR).* A single rate determined by combining the applicable marginal tax rates for Federal (or Puerto Rico, when applicable), State, and local income taxes, using formulas provided in § 302-17.8(e)(5).

(k) *Gross-up.* Payment for the estimated additional income tax liability incurred by an employee as a result of reimbursements or payments by the Government for the covered moving expenses listed in § 302-17.3.

(l) *Gross-up formulas.* The formulas used to determine the amount of the gross-up for the WTA and the RIT allowance. The gross-up formulas used herein compensate the employee for the initial tax, the tax on tax, etc. Note that the WTA gross-up formula in § 302-17.7(d) is different than the RIT gross-up formula prescribed in § 302-17.8(f).

(m) *RIT allowance.* The amount of payment computed and paid in Year 2 to cover substantially all of the estimated additional tax liability incurred as a result of the covered moving expense reimbursements received in Year 1.

(n) *Withholding tax allowance (WTA).* The withholding tax allowance (WTA), paid in Year 1, covers the employee's Federal income tax withholding liability on covered taxable reimbursements received in Year 1. The amount is computed by applying the withholding gross-up formula prescribed in § 302-17.7(d) (using the Federal withholding tax rate) each time that a Federal withholding obligation is incurred on covered moving expense reimbursements received in Year 1. Grossing-up the Federal withholding amount protects the employee from using part of
