§ 433.113 Reduction of FFP for failure to operate a system and obtain initial approval.

(a) Except as waived under § 433.130 or 433.131, FFP will be reduced as specified in paragraph (b) of this section unless the Medicaid agency has in continuous operation a mechanized claims processing and information retrieval system that meets the following conditions:

(2) The system is operational by September 30, 1985; and

(3) The system is initially approved by the last day of the fourth quarter that begins after the date the system became operational as determined by CMS.

(b) CMS will reduce FFP in expenditures for compensation and training of skilled professional medical personnel and support staff under section 1903(a)(2) of the Act, and for general administration under section 1903(a)(7) of the Act, by the following increments applied separately to those two categories of expenditures:

(1) Five percentage points for the first two quarters beginning after a

deadline in paragraph (a) of this section;

(2) An additional five percentage points during each additional two-quarter period, through the quarter in which the State achieves compliance with the conditions for initial operation or initial approval of an operating system. FFP reductions will not exceed 25 percentage points for each type of reduction.

(c) The amount of FFP (determined under section 1903(a)(3)(B)) that would be available retroactively for operating a system that later receives initial approval will be reduced by CMS by the same percentage points for the identical periods of time described in subparagraph (b)(1) of this section, until the system is initially approved. No reduction will be made after the first quarter during which the system is initially approved.
