

## § 1864.1

general, they are lands that have been gradually and imperceptibly formed along the banks of a body of water by deposition of water-borne soil.

(c) *Avulsed lands* have the meaning imparted to them by applicable law. In general, they are lands that have been uncovered by a relatively sudden change in alignment of the channel of a river, or by a comparable change in some other body of water, or that remain as uplands following such a change, or that are located in the bed of the new channel.

(d) *Actual shoreline* means the line which is washed by the water wherever it covers the bed of a body of water at its mean high water level.

(e) *Lands* means lands and interests in lands now or formerly forming a part of the reserved or unreserved public lands of the contiguous 48 States and Alaska and as to any coastal State, includes submerged lands inside of the seaward boundary of the State.

(f) *Meander line* means a survey line established for the purpose of representing the location of the actual shoreline of a permanent natural body of water, without showing all the details of its windings and irregularities. A meander line rarely runs straight for any substantial distance. It is established not as a boundary line but in order to permit calculation of the quantity of lands in the fractional sections remaining after segregation of the water area.

(g) *Relicted lands* have the meaning imparted that term by applicable law. In general, they are lands gradually uncovered when water recedes permanently.

(h) *State* means "the state and any of its creations including any governmental instrumentality within a state, including cities, counties, or other official local governmental entities."

the application has terminated by operation of law or is otherwise invalid, including a copy or legal citation of relevant provisions of law; or

(B) The lands between the meander line shown on the plat of survey approved by the Bureau of Land Management or its predecessors and the actual shoreline of a body of water are not lands of the United States, including as documentation an official plat of survey or a reference to a date of filing or approval and, if the applicant elects, any non-Federal survey plats related to the issue; or

(C) The lands are accreted, relicted or avulsed and are no longer lands of the United States, including submission for the uplands portion of the body of water affected a copy of an official plat of survey or a reference to it by date of filing or approval and, if the applicant elects, any non-Federal survey plats related to the issue;

(5) Any available documents or title evidence, such as historical and current maps, photographs, and water movement data, that support the application;

(6) The name, mailing address, and telephone number of any known adverse claimant or occupant of the lands included in the application;

(7) Any request the applicant may have that the disclaimer be issued in a particular form suitable for use in the jurisdiction in which it will be recorded; and

### § 1864.1-3 Action on application.

(a) BLM will not approve an application, except for applications filed by a state, if more than 12 years have elapsed since the applicant knew, or should have known, of the claim of the United States.

(b) BLM will not approve an application if:

(1) The application pertains to a security interest or water rights; or

(2) The application pertains to trust or restricted Indian lands.

(c) BLM will, if the application meets the requirements for further processing, determine the amount of deposit we need to cover the administrative costs of processing the application and issuing a disclaimer.

(d) The applicant must submit a deposit in the amount BLM determines.

(e) If the application includes what may be omitted lands, BLM will process it in accordance with the applicable provisions of part 9180 of this title. If BLM determines the application involves omitted lands, BLM will notify the applicant in writing.

### § 1864.1-4 Consultation with other Federal agencies.

BLM will not issue a recordable disclaimer of interest over the valid objection of another land managing agency having administrative jurisdiction over the affected lands. A valid objection must present a sustainable rationale that the objecting agency claims United States title to the lands for which a recordable disclaimer is sought.

### § 1864.2 Decision on application.

(a) The authorized officer shall notify the applicant and any party adverse to the application, in writing, on the determination of the authorized officer on whether or not to issue a disclaimer. Prior to such notification, the authorized officer shall issue to the applicant a billing that includes a full and complete statement of the cost incurred in reaching such determination, including any sum due the United States or that may be unexpended from the deposit made by the applicant.
