

§ 1602.11

are maintained by other components of the Corporation. The Counsel to the Inspector General or designee shall consult with the Office of the General Counsel prior to granting or denying any requests for records.

§ 1602.11 Denials.

(a) A denial of a written request for a record that complies with the requirements of § 1602.8 shall be in writing and shall include the following:

(1) A reference to the applicable exemption or exemptions in § 1602.9 (a) upon which the denial is based;

(2) An explanation of how the exemption applies to the requested records;

(3) A statement explaining why it is deemed unreasonable to provide segregable portions of the record after deleting the exempt portions;

(4) An estimate of the volume of requested matter denied unless providing such estimate would harm the interest protected by the exemption under which the denial is made;

(5) The name and title of the person or persons responsible for denying the request; and

(6) An explanation of the right to appeal the denial and of the procedures for submitting an appeal, including the address of the official to whom appeals should be submitted.

(b) Whenever the Corporation makes a record available subject to the deletion of a portion of the record, such action shall be deemed a denial of a record for purposes of paragraph (a) of this section.

(c) All denials shall be treated as final opinions under § 1602.5(b).

§ 1602.12 Appeals of denials.

(a) Any person whose written request has been denied is entitled to appeal the denial within 90 days by writing to the President of the Corporation or, in the case of a denial of a request for Office of Inspector General records, the Inspector General, at the addresses given in § 1602.5(a) and § 1602.8(b). The envelope and letter or e-mail appeal should be clearly marked: "Freedom of Information Appeal." An appeal need not be in any particular form, but should adequately identify the denial, if possible, by describing the requested record, identifying the official who

45 CFR Ch. XVI (10–1–03 Edition)

issued the denial, and providing the date on which the denial was issued.

(b) No personal appearance, oral argument, or hearing will ordinarily be permitted on appeal of a denial. Upon request and a showing of special circumstances, however, this limitation may be waived and an informal conference may be arranged with the President or designee, or Inspector General or designee, for this purpose.

(c) The decision of the President or the Inspector General on an appeal shall be in writing and, in the event the denial is in whole or in part upheld, shall contain an explanation responsive to the arguments advanced by the requester, the matters described in § 1602.11(a) (1) through (4), and the provisions for judicial review of such decision under section 552(a)(4) of the FOIA. The decision shall be dispatched to the requester within 20 working days after receipt of the appeal, unless an additional period is justified pursuant to § 1602.8(i) and such period taken together with any earlier extension does not exceed 10 days. The decision of the President or the Inspector General shall constitute the final action of the Corporation. All such decisions shall be treated as final opinions under § 1602.5(b).

(d) On an appeal, the President or designee shall consult with the Office of Inspector General prior to reversing in whole or in part the denial of any request for records or portions of records which originated with the Office of Inspector General, or which contain information which originated with the Office of Inspector General, but which are maintained by other components of the Corporation. The Inspector General or designee shall consult with the President prior to reversing in whole or in part the denial.

§ 1602.13 Fees.

(a) No fees will be charged for information routinely provided in the normal course of doing business.

(b) Fees shall be limited to reasonable standard charges for document search, review, and duplication, when records are requested for commercial use;

Legal Services Corporation

§ 1602.13

(c) Fees shall be limited to reasonable standard charges for document duplication after the first 100 pages, when records are sought by a representative of the news media or by an educational or non-commercial scientific institution; and

(d) For all other requests, fees shall be limited to reasonable standard charges for search time after the first 2 hours and duplication after the first 100 pages.

(e) The schedule for charges for services regarding the production or disclosure of the Corporation's records is as follows:

(1) Manual search for and review of records will be charged as follows:

(i) Band 1: \$16.15

(ii) Band 2: \$26.66

(iii) Band 3: \$39.15

(iv) Band 4: \$51.41

(v) Band 5: \$54.59

(vi) Charges for search and review time less than a full hour will be billed by quarter-hour segments;

(2) Computer time: actual charges as incurred;

(3) Duplication by paper copy: 13 cents per page;

(4) Duplication by other methods: actual charges as incurred;

(5) Certification of true copies: \$1.00 each;

(6) Packing and mailing records: no charge for regular mail;

(7) Express mail: actual charges as incurred.

(f) Fee waivers. A requester may seek a waiver or reduction of fees below the fees established under paragraph (e) of this section. A fee waiver or reduction request will be granted where LSC has determined that the requester has demonstrated that disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations of the Corporation or Federal government and is not primarily in the commercial interest of the requester.

(1) In order to determine whether disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Corporation or Federal government, the Corporation shall consider the following four factors:

(i) The subject of the request: Whether the subject of the requested records concerns "the operations or activities of the Corporation or Federal government." The subject of the requested records must concern identifiable operations or activities of the Corporation or Federal government, with a connection that is direct and clear, not remote or attenuated.

(ii) The informative value of the information to be disclosed: Whether the disclosure is "likely to contribute" to an understanding of Corporation or Federal government operations or activities. The requested records must be meaningfully informative about government operations or activities in order to be likely to contribute to an increased public understanding of those operations or activities. The disclosure of information that is already in the public domain, in either a duplicative or a substantially identical form, would not be likely to contribute to such understanding where nothing new would be added to the public's understanding.

(iii) The contribution to an understanding of the subject by the public likely to result from disclosure: Whether disclosure of the requested records will contribute to "public understanding." The disclosure must contribute to a reasonably broad audience of persons interested in the subject, as opposed to the personal interest of the requester. A requester's expertise in the subject area and ability and intention to effectively convey information to the public shall be considered. It shall be presumed that a representative of the news media will satisfy this consideration.

(iv) The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of Corporation or Federal government operations or activities. The public's understanding of the subject in question, as compared to the level of public understanding existing prior to the disclosure, must be enhanced by the disclosure to a significant extent.

(2) In order to determine whether disclosure of the information is not primarily in the commercial interest of

§ 1602.13

45 CFR Ch. XVI (10–1–03 Edition)

the requester, the Corporation will consider the following two factors:

(i) The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure. LSC shall consider any commercial interest of the requester (with reference to the definition of “commercial use” in this Part) or of any person on whose behalf the requester may be acting, that would be furthered by the requested disclosure.

(ii) The primary interest in disclosure: Whether the magnitude of the identified commercial interest is sufficiently large, in comparison with the public interest in disclosure, that disclosure is “primarily” in the commercial interest of the requester. A fee waiver or reduction is justified where the public interest is greater in magnitude than that of any identified commercial interest in disclosure. LSC ordinarily shall presume that where a news media requester has satisfied the public interest standard, the public interest will be the interest primarily served by disclosure to that requester. Disclosure to data brokers or others who merely compile and market government information for direct economic return shall not be presumed primarily to serve a public interest.

(3) Where LSC has determined that a fee waiver or reduction request is justified for only some of the records to be released, LSC shall grant the fee waiver or reduction for those records.

(4) Requests for fee waivers and reductions shall be made in writing and must address the factors listed in this paragraph as they apply to the request.

(g) No fee will be charged under this section unless the cost of routine collection and processing of the fee payment is likely to exceed \$6.50.

(h) Requesters must agree to pay all fees charged for services associated with their requests. The Corporation will assume that requesters agree to pay all charges for services associated with their requests up to \$25 unless otherwise indicated by the requester. For requests estimated to exceed \$25, the Corporation will first consult with the requester prior to processing the request, and such requests will not be deemed to have been received by the

Corporation until the requester agrees in writing to pay all fees charged for services.

(i) No requester will be required to make an advance payment of any fee unless:

(1) The requester has previously failed to pay a required fee within 30 days of the date of billing, in which case an advance deposit of the full amount of the anticipated fee together with the fee then due plus interest accrued may be required. (The request will not be deemed to have been received by the Corporation until such payment is made.); or

(2) The Corporation determines that an estimated fee will exceed \$250, in which case the requester shall be notified of the amount of the anticipated fee or such portion thereof as can readily be estimated. Such notification shall be transmitted as soon as possible, but in any event within 5 working days of receipt by the Corporation, giving the best estimate then available. The notification shall offer the requester the opportunity to confer with appropriate representatives of the Corporation for the purpose of reformulating the request so as to meet the needs of the requester at a reduced cost. The request will not be deemed to have been received by the Corporation for purposes of the initial 20-day response period until the requester makes a deposit on the fee in an amount determined by the Corporation.

(j) When a requester has previously failed to pay a properly charged FOIA fee within 30 days of the date of billing, the Corporation may require the requester to pay the full amount due, plus any applicable interest, and to make an advance payment of the full amount of any anticipated fee before the Corporation begins to process a new request or continues to process a pending request (including appeals) from that requester.

(k) Interest may be charged to those requesters who fail to pay the fees charged. Interest will be assessed on the amount billed, starting on the 31st day following the day on which the billing was sent. The rate charged will be as prescribed in 31 U.S.C. 3717.

(l) If the Corporation reasonably believes that a requester or group of requesters is attempting to break a request into a series of requests for the purpose of evading the assessment of fees, the Corporation shall aggregate such requests and charge accordingly. Likewise, the Corporation will aggregate multiple requests for documents received from the same requester within 45 days.

(m) The Corporation reserves the right to limit the number of copies that will be provided of any document to any one requester or to require that special arrangements for duplication be made in the case of bound volumes or other records representing unusual problems of handling or reproduction.

§ 1602.14 Submitter's rights process.

(a) When the Corporation receives a FOIA request seeking the release of a submitter's grant application(s), or portions thereof, the Corporation shall provide prompt written notice of the request to the submitter in order to afford the submitter with an opportunity to object to the disclosure of the requested grant application(s) (or any portion thereof). The notice shall reasonably describe the grant application(s), or portions thereof, requested and inform the submitter of the process required by paragraph (b) of this section.

(b) If a submitter who has received notice of a request for the submitter's grant application(s) desires to object to the disclosure of the grant application(s) (or any portion thereof), the submitter must identify the information for which disclosure is objected and provide LSC with a written detailed statement to that effect. The statement must be submitted to the FOIA Officer in the Office of Legal Affairs and must specify the grounds for withholding the information under FOIA or this Part. In particular, the submitter must demonstrate why the information is commercial or financial information that is privileged or confidential. The submitter's statement must be provided to LSC within seven business days of the date of the notice from the Corporation. If the submitter

fails to respond to the notice from LSC within that time, LSC will deem the submitter to have no objection to the disclosure of the information.

(c) Upon receipt of written objection to disclosure by a submitter, LSC shall consider the submitter's objections and specific grounds for withholding in deciding whether to release the disputed information. Whenever LSC decides to disclose information over the objection of the submitter, LSC shall give the submitter written notice which shall include:

(1) A description of the information to be released and a notice that LSC intends to release the information;

(2) A statement of the reason(s) why the submitter's request for withholding is being rejected; and

(3) Notice that the submitter shall have 5 business days from the date of the notice of proposed release to appeal that decision to the LSC President, whose decision shall be final.

(d) The requirements of this section shall not apply if:

(1) LSC determines upon initial review of the requested grant application(s), or portions thereof, the requested information should not be disclosed;

(2) The information has been previously published or officially made available to the public; or

(3) Disclosure of the information is required by statute (other than FOIA) or LSC regulations.

(e) Whenever a requester files a lawsuit seeking to compel disclosure of a submitter's information, LSC shall promptly notify the submitter.

(f) Whenever LSC provides a submitter with notice and opportunity to oppose disclosure under this section, LSC shall notify the requester that the submitter's rights process under this section has been triggered. Whenever a submitter files a lawsuit seeking to prevent the disclosure of the submitter's information, LSC shall notify the requester.
