

for more than three of the last 12 months, we will not exclude it from the participation rate calculation.

(3) The State may direct us, through its reported participation data, to include in the participation calculation families that have been sanctioned for no more than three of the last 12 months.

(c) For purposes of the calculation in paragraph (b) of this section, a two-parent family includes, at a minimum, all families with two natural or adoptive parents (of the same minor child) receiving assistance and living in the home, unless both are minors and neither is a head-of-household.

(d)(1) If a family receives assistance for only part of a month, we will count it as a month of participation if an adult in the family (or both adults, if they are both required to work) is engaged in work for the minimum average number of hours in each full week that the family receives assistance in that month.

(2) If a State pays benefits retroactively (i.e., for the period between application and approval of benefits), it has the option to consider the family to be receiving assistance during the period of retroactivity.

(e) If a family includes a disabled parent, we will not consider the family to be a two-parent family under paragraph (b) of this section; i.e., we will not include such a family in either the numerator or denominator of the two-parent rate.

§ 261.25 Does a State include Tribal families in calculating these rates?
