

§ 261.32

community service programs; vocational educational training; and providing child care services to an individual who is participating in a community service program.

(c) Above 20 hours per week, the following three activities may also count as participation: job skills training directly related to employment; education directly related to employment; and satisfactory attendance at secondary school or in a course of study leading to a certificate of general equivalence.

§ 261.32 How many hours must an individual participate to count in the numerator of the two-parent rate?

(a) Subject to paragraph (d) of this section, an individual counts as engaged in work for the month for the two-parent rate if:

(1) If an individual and the other parent in the family are participating in work activities for an average of at least 35 hours per week during the month, and

(2) At least 30 of the 35 hours per week come from participation in the activities listed in paragraph (b) of this section.

(b) The following nine activities count for the first 30 hours of participation: unsubsidized employment; subsidized private-sector employment; subsidized public-sector employment; work experience; on-the-job training; job search and job readiness assistance; community service programs; vocational educational training; and providing child care services to an individual who is participating in a community service program.

(c) Above 30 hours per week, the following three activities may also count for participation: job skills training directly related to employment; education directly related to employment; and satisfactory attendance at secondary school or in a course of study leading to a certificate of general equivalence.

(d)(1) If the family receives federally funded child care assistance and an adult in the family is not disabled or caring for a severely disabled child, then the individual and the other parent must be participating in work activities for an average of at least 55

45 CFR Ch. II (10–1–03 Edition)

hours per week for the individual to count as a two-parent family engaged in work for the month.

(2) At least 50 of the 55 hours per week must come from participation in the activities listed in paragraph (b) of this section.

(3) Above 50 hours per week, the three activities listed in paragraph (c) of this section may also count as participation.

§ 261.33 What are the special requirements concerning educational activities in determining monthly participation rates?

(a) Vocational educational training may only count for a total of 12 months for any individual.

(b)(1) A recipient who is married or a single head-of-household under 20 years old counts as engaged in work in a month if he or she:

(i) Maintains satisfactory attendance at a secondary school or the equivalent during the month; or

(ii) Participates in education directly related to employment for an average of at least 20 hours per week during the month.

(2)(i) For a married recipient, such participation counts as the greater of 20 hours or the actual hours of participation.

(ii) If both parents in the family are under 20 years old, the requirements at § 261.32(d) are met if both meet the conditions of paragraphs (b)(1)(i) or (b)(1)(ii) of this section.

(c) In counting individuals for each participation rate, not more than 30 percent of individuals engaged in work in a month may be included in the numerator because they are:

(1) Participating in vocational educational training; and

(2) In fiscal year 2000 or thereafter, individuals deemed to be engaged in work by participating in educational activities described in paragraph (b) of this section.

§ 261.34 Are there any limitations in counting job search and job readiness assistance toward the participation rates?

Yes. There are four limitations concerning job search and job readiness.

(a) Except as provided in paragraph (b) of this section, an individual's participation in job search and job readiness assistance counts for a maximum of six weeks in any fiscal year.

(b) If the State's total unemployment rate is at least 50 percent greater than the United States' total unemployment rate or if the State meets the definition of a needy State, specified at § 260.30 of this chapter, then an individual's participation in job search and job readiness assistance counts for a maximum of 12 weeks in that fiscal year.

(c) An individual's participation in job search and job readiness assistance does not count for a week that immediately follows four consecutive weeks of such participation in a fiscal year.

(d) Not more than once for any individual in a fiscal year, a State may count three or four days of job search and job readiness assistance during a week as a full week of participation.

§ 261.35 Are there any special work provisions for single custodial parents?

Yes. A single custodial parent or caretaker relative with a child under age six will count as engaged in work if he or she participates for at least an average of 20 hours per week.

§ 261.36 Do welfare reform waivers affect the calculation of a State's participation rates?

A welfare reform waiver could affect the calculation of a State's participation rate, pursuant to subpart C of part 260 and section 415 of the Act.

Subpart D—How Will We Determine Caseload Reduction Credit for Minimum Participation Rates?

§ 261.40 Is there a way for a State to reduce the work participation rates?

(a)(1) If the average monthly number of cases receiving assistance, including assistance under a separate State program (as provided at § 261.42(b)), in a State in the preceding fiscal year was lower than the average monthly number of cases that received assistance in FY 1995, the minimum overall partici-

pation rate the State must meet for the fiscal year (as provided at § 261.21) decreases by the number of percentage points the prior-year caseload fell in comparison to the FY 1995 caseload.

(2) The minimum two-parent participation rate the State must meet for the fiscal year (as provided at § 261.23) decreases, at State option, by either:

(i) The number of percentage points the prior-year two-parent caseload, including two-parent cases receiving assistance under a separate State program (as provided at § 261.42(b)), fell in comparison to the FY 1995 two-parent caseload or;

(ii) The number of percentage points the prior-year overall caseload, including assistance under a separate State program (as provided at § 261.42(b)), fell in comparison to the FY 1995 overall caseload.

(b) The calculations in paragraph (a) of this section must disregard the net caseload reduction (i.e., caseload decreases offset by increases) due either to requirements of Federal law or to changes that a State has made in its eligibility criteria in comparison to its criteria in effect in FY 1995.

(c)(1)(i) To establish the caseload base for fiscal year 1995, we will use the number of AFDC cases and Unemployed Parent cases reported on ACF-3637, Statistical Report on Recipients under Public Assistance.

(ii) We will automatically adjust the Unemployed Parent caseload proportionally upward, based on the percentage of cases with two parents in the household, as shown in Quality Control data for the period prior to the State's reporting two-parent data under TANF.

(2) To determine the prior-year caseload for subsequent years, we will use caseload information from the TANF Data Report and the SSP-MOE Data Report.

(3) To qualify for a caseload reduction, a State must have reported monthly caseload information, including cases in separate State programs, for the preceding fiscal year for cases receiving assistance as defined at § 261.43.

(d)(1) A State may correct erroneous data or submit accurate data to adjust IV-A program data or to include
