

§ 283.6

(4) We will notify the potentially eligible States, as identified under paragraphs (a) through (c) of this section that they must submit the information on abortions specified under § 283.6 if they want to be considered for the bonus.

§ 283.6 If a State wants to be considered for bonus eligibility, what data on abortions must it submit?

(a) To be considered further for bonus eligibility, each potentially eligible State, as identified under § 283.5, must submit to ACF data and information on the number of abortions for calendar year 1995 within two months of this notification. This number must measure either of the following:

(1) For calendar year 1995, the total number of abortions performed by all providers within the State; or

(2) For calendar year 1995, the total number of abortions performed by all providers within the State on the total population of State residents only. This is the preferred measure.

(b) States must have obtained these data on abortions for calendar year 1995 within 60 days of publication of the final rule and must include with their submission of 1995 data an official record documenting when they obtained the abortion data.

(c) Within two months of notification by ACF of potential eligibility, the State must submit:

(1) The number of abortions performed for the most recent year for which abortion data are available (as defined in § 283.2 to mean the year that is two calendar years prior to the current calendar year). In measuring the number of abortions, the State must use the same definition, either under paragraph (a)(1) or paragraph (a)(2) of this section, for both 1995 and the most recent year; or

(2) If applicable, the adjusted number and information specified in paragraph (d) of this section.

(d) If the State's data collection or reporting methodology changed between 1995 and the bonus year in such a way as to reflect an increase or decrease in the number of abortions that is different than what actually occurred during the period, the State must:

45 CFR Ch. II (10-1-03 Edition)

(1) When submitting the number of abortions for the most recent year under paragraph (c)(2), adjust the number to exclude increases or decreases in the number due to changes in methodology for collecting or reporting the data. For example, this calculation should include adjustments for increases or decreases in response rates for providers in reporting abortion data;

(2) Provide a rationale for the adjustment, i.e., a description of how the data collection or reporting methodology was changed. This could include a description of how legislative, policy or procedural changes affected the collection or reporting of abortion data, or an indication of changes in the response rate of providers in reporting abortion data; and

(3) Provide a certification by the Governor, or his or her designee, that the number of abortions reported to ACF accurately reflects these adjustments for changes in data collection or reporting methodology.

§ 283.7 How will we use these data on abortions to determine bonus eligibility?

(a) For those States that have met all the requirements under §§ 283.1 through 283.6, we will calculate the rate of abortions for calendar year 1995 and for the most recent year for which abortion data are available as defined in § 283.2. These rates will equal the number of abortions reported by the State to ACF for the applicable year, divided by total live births among women living in the State reported by NCHS for the same year. We will calculate the rates to three decimal places.

(b) If ACF determines that the State's rate of abortions for the most recent year for which abortion data are available is less than the rate for 1995, and, if the State has met all the requirements listed elsewhere under this part, the State will receive the bonus.

§ 283.8 What will be the amount of the bonus?

(a) If, for a bonus year, none of the eligible States is Guam, American Samoa or the Virgin Islands, then the amount of the grant shall be:

Office of Family Assistance, ACF, HHS

§ 284.11

(1) \$20 million per State if there are five eligible States; or

(2) \$25 million per State if there are fewer than five eligible States.

(b) If for a bonus year, Guam, the Virgin Islands, or American Samoa is an eligible State, then the amount of the grant shall be:

(1) In the case of such a State, 25 percent of the mandatory ceiling amount as defined in section 1108 of the Act; and

(2) In the case of any other State, \$100 million, minus the total amount of any bonuses paid to Guam, the Virgin Islands, and American Samoa, and divided by the number of eligible States other than Guam, American Samoa and the Virgin Islands, not to exceed \$25 million per State.

§ 283.9 What do eligible States need to know to access and use the bonus funds?

(a) States must use the bonus funds to carry out the purposes of the Temporary Assistance for Needy Families Block Grant in section 401 and 404 of the Act. This may include statewide programs to prevent and reduce the incidence of out-of-wedlock pregnancies.

(b) As applicable, these funds are subject to the requirements in, and the limitations of, sections 404 and 408 of the Act.

(c) For Puerto Rico, Guam, the Virgin Islands, and American Samoa, the bonus award funds are not subject to the mandatory ceilings on funding established in section 1108(c)(4) of the Act.

PART 284—METHODOLOGY FOR DETERMINING WHETHER AN INCREASE IN A STATE OR TERRITORY'S CHILD POVERTY RATE IS THE RESULT OF THE TANF PROGRAM

Sec.

284.10 What does this part cover?

284.11 What definitions apply to this part?

284.15 Who must submit information to ACF to carry out the requirements of this part?

284.20 What information will we use to determine the child poverty rate in each State?

284.21 What will we do if the State's child poverty rate increased five percent or more over the two-year period?

284.30 What information must the State include in its assessment of the impact of the TANF program(s) in the State on the increase in child poverty?

284.35 What action will we take in response to the State's assessment and other information?

284.40 When is a corrective action plan due?

284.45 What are the contents and duration of a corrective action plan?

284.50 What information will we use to determine the child poverty rate in each Territory?

AUTHORITY: 42 U.S.C. 613(i)

SOURCE: 65 FR 39248, June 23, 2000, unless otherwise noted.

§ 284.10 What does this part cover?

(a) This part describes the methodology for determining the child poverty rates in the States and the Territories, as required by section 413(i) of the Social Security Act, including determining whether the child poverty rate increased by five percent or more as a result of the TANF program(s) in the State or Territory. It also describes the content and duration of the corrective action plan.

(b) The requirements of this part do not apply to any Territory that has never operated a TANF program.

§ 284.11 What definitions apply to this part?

The following definitions apply to this part:

ACF means the Administration for Children and Families.

Act means the Social Security Act, unless otherwise specified.

Census Bureau methodology means the various methods developed by the Census Bureau for estimating the number and percentage of children in poverty in each State. These methods may include national estimates based on the Current Population Survey; the Small Area Income and Poverty Estimates; the annual demographic programs, including the American Community Survey; or any other programs or methods used by the Census Bureau to estimate poverty. "Children in poverty" means children that live in families with incomes below 100 percent of the Census Bureau's poverty threshold.
