The Commission has established a policy regarding the printing of blank FCC forms by private companies if they elect to do so as a matter of expediency and convenience to their clients or consumers. The policy is as follows:

(a) Blank FCC forms may be reproduced by private companies at their

own expense provided the following conditions are met:

(1) Use a printing process resulting in a product that is at least comparable in quality to the original document, without change to the page size, image size, configuration of pages, folds or perforations, and matching as closely as possible the paper weight, paper color and ink color.

(2) Delete in its entirety any and all U.S. Government Printing Office (GPO)

(3) If the printer wishes to identify a foreign country in which the forms are printed, a marginal notation must be added stating "No U.S. Government funds were used to print this document."

(4) Do not add to the form any other symbol, word or phrase that might be construed as personalizing the form or advertising on it.

(5) Except as specified above, do not delete from or add to any part of the form, or attach anything thereto.

(6) Assure that the form being reproduced is an edition currently acceptable by the Commission, which will endeavor to keep the public advised of revisions to its forms, but cannot assume responsibility to the extent of eliminating any element of risk against the use of obsolete forms.

(b) These guidelines do not apply to forms which respondents may wish to reproduce as completed facsimiles on automated equipment to satisfy application or report requirements. Requests for permission to submit such forms to the Commission should be addressed to the Office of Managing Director.

The following reference materials are available in many libraries and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402:

(a) *Statutory materials.* Laws pertaining to communications are contained in Title 47 of the United States Code. Laws enacted since the printing of the last supplement to the Code are printed individually as slip laws, and these are compiled chronologically in the United States Statutes at Large. The Acts of Congress from 1910–62 pertaining to radio have been compiled in a single volume, *Radio Laws of the United States* (1962 ed.). See §§0.405 and 0.414.

(b) *Regulatory materials*—(1) *The Code of Federal Regulations.* The rules and regulations of the Commission are contained in chapter I of title 47 of the

Code of Federal Regulations. Chapter I is divided into the following four subchapters, which may be purchased separately: Subchapter A—General; Subchapter B—Common Carrier Services; Subchapter C—Broadcast Radio Services; and Subchapter D—Private Radio Services. Most persons will find that they need subchapter A, containing the general rules, and one of the other volumes, depending upon their area of interest. These four volumes are revised annually to reflect changes in the rules. See §§0.406, 0.412, and 0.415. The Code of Federal Regulations is fully indexed and contains numerous finding aids. See 1 CFR appendix C.

(2) *The Federal Register.* As rules are adopted, amended, or repealed, the changes are published in the FEDERAL REGISTER, which is published daily except on legal holidays. Notices of proposed rule making, other rule making documents, statements of general policy, interpretations of general applicability, and other Commission documents having general applicability and legal effect are also published in the FEDERAL REGISTER. Summaries of the full Notices of proposed rule making and other rule making decisions adopted by the Commission constitute rule-making documents for purposes of FEDERAL REGISTER publication.
