(a) With the exception of those international carriers described in paragraphs (b) and (c) of this section, any international carrier that seeks to discontinue, reduce or impair service, including the retiring of international facilities, dismantling or removing of international trunk lines, shall be subject to the following procedures in lieu of those specified in §§ 63.61 through 63.601:

(1) The carrier shall notify all affected customers of the planned discontinuance, reduction or impairment at least 60 days prior to its planned action. Notice shall be in writing to each affected customer unless the Commission authorizes in advance, for good cause shown, another form of notice.

(2) The carrier shall file with this Commission a copy of the notification on or after the date on which notice has been given to all affected customers.

(b) The following procedures shall apply to any international carrier that the Commission has classified as dominant in the provision of a particular international service because the carrier possesses market power in the provision of that service on the U.S. end of the route. Any such carrier that seeks to retire international facilities, dismantle or remove international trunk lines, but does not discontinue, reduce or impair the dominant services being provided through these facilities, shall only be subject to the notification requirements of paragraph (a) of this section. If such carrier discontinues, reduces or impairs the dominant service, or retires facilities that impair or reduce the service, the carrier shall file an application pursuant to §§ 63.62 and 63.500.

Upon request by the Commission, additional copies of the application shall be furnished. Each application shall be accompanied by the fee prescribed in subpart G of part 1 of this chapter.

(b) No application accepted for filing and subject to the provisions of §§ 63.18, 63.62 or 63.505 of this part shall be granted by the Commission earlier than 28 days following issuance of public notice by the Commission of the acceptance for filing of such application or any major amendment unless said public notice specifies another time period, or the application qualifies for streamlined processing pursuant to § 63.12 of this part.

(c) No application accepted for filing and subject to the streamlined processing provisions of § 63.12 of this part shall be granted by the Commission earlier than 14 days following issuance of public notice by the Commission of the acceptance for filing of such application or any major amendment unless said public notice specifies another time period.

(d) Any interested party may file a petition to deny an application within the time period specified in the public notice listing an application as accepted for filing and ineligible for streamlined processing. The petitioner shall serve a copy of such petition on the applicant no later than the date of filing thereof with the Commission. The petition shall contain specific allegations of fact sufficient to show that the petitioner is a party in interest and that a grant of the application would be prima facie inconsistent with the public interest, convenience and necessity. Such allegations of fact shall, except for those of which official notice may

The petitioner may file a reply to such opposition within seven days after the time for filing oppositions has expired. Allegations of facts or denials thereof shall similarly be supported by affidavit. These responsive pleadings shall be served on the applicant or petitioner, as appropriate, and other parties to the proceeding.

(b) Carriers must file copies of operating agreements entered into with their foreign correspondents as specified in § 43.51 of this chapter and shall otherwise comply with the filing requirements contained in that section.
