Subpart 1505.2—Synopsis of Proposed Contract Actions

1505.202 Exceptions.

1505.203 Publicizing and response time.

(a) The Contracting Officer may, at his/her discretion under certain circumstances, elect to transmit a syn-

opsis to the Commerce Business Daily (CBD) of a proposed contract action that falls within an exception to the synopsis requirement in FAR 5.202(a). For those contract actions, the Contracting Officer may provide for a lesser time period than the 15 days required by FAR 5.203(a) and the 30 days required by FAR 5.203(c) or (d), and the 45 days required by FAR 5.203(e). The Contracting Officer must identify the basis for the lesser time periods for response in the synopsis.

(b) The authority for paragraph (a) does not extend to the synopsis of contract actions falling within the exception in FAR 5.202(a)(7), if to do so would disclose the originality of thought or innovativeness of the proposed research.

1506.000 Scope of part.

This part implements FAR part 6. It prescribes the Environmental Protection Agency policies and procedures in

1506.302-5

obtaining full and open competition in the acquisition process.

Subpart 1506.2—Full and Open Competition After Exclusion of Sources [Reserved]

Subpart 1506.3—Other Than Full and Open Competition

1506.302-5 Authorized or required by statute.

(a) *Authority.* Section 109(e) of the Superfund Amendments and Reauthorization Act of 1986 (SARA) is cited as authority.

(b) *Application.* (1) The contracting officer may use other than full and open competition to acquire the services of experts for use in preparing or prosecuting a civil or criminal action under SARA whether or not the expert is expected to testify at trial. The contracting officer need not prepare the written justification under FAR 6.303 when acquiring expert services under the authority of section 109(e) of SARA. The contracting officer shall document the official contract file when using this authority.

(2) The contracting officer shall give notice to the Agency's Competition Advocate whenever a contract award is made using other than full and open competition under this authority. The notice shall contain a copy of the contract and the summary of negotiations.

[53 FR 31872, Aug. 22, 1988]

1506.303-2 Content.

The documentation requirements in this section apply only to acquisitions processed using other than small purchase procedures. (Refer to 1513.170 for documentation for small purchase acquisitions).

(a) The initiating office shall prepare a written justification for other than full and open competition (JOFOC) that documents the facts and circumstances substantiating the infeasibility of full and open competition for each recommended limited sources or sole source acquisition when required by FAR 6.302.

(b) The recommendation shall be entitled "Justification for Other Than

48 CFR Ch. 15 (10-1-03 Edition)

Full and Open Competition" and shall be signed at the programmatic Division Director or comparable office level prior to submission with the procurement request. The JOFOC shall contain the information prescribed in FAR 6.303-2 (a) and (b).

(c) If unusual and compelling urgency (see FAR 6.303-2) is a basis for the JOFOC, then the following applies. Explain the circumstances that led to the need for an urgent contractual action. Explain why the requirement could not have been processed in sufficient time to permit full and open competition. It should be noted that the existence of legislation, court order, or Presidential mandate is not, of itself, a sufficient basis for a JOFOC. However, the circumstances necessitating legislation, court order, or Presidential mandate may justify contractual action on an other than full and open competition basis.

(d) If the proposed acquisition has been synopsized in accordance with the applicable requirements in FAR subpart 5.2, the Contracting Officer must incorporate the evaluation of responses to the synopsis in the JOFOC. (See 1506.371(d) for contents of the evaluation document).
