and contracts, except Site Specific solicitations and contracts. Alternate I shall be used in all Time Critical Rapid Response (TCRR) solicitations and contracts, except site specific solicitations and contracts. The term "TCRR" in the Limitation of Future Contracting clauses includes not only TCRR solicitations and contracts but Emergency Response Cleanup Services (ERCS) and other emergency type solicitations and contracts. TCRR pilot scale studies are included in the term "treatability studies". Alternate II shall be used in all Technical Assistance Team (TAT) solicitations and contracts. Alternate III shall be used in all Environmental Services Assistance Team (ESAT) solicitations and contracts. Alternate IV shall be used in all Technical Enforcement Support (TES) solicitations and contracts. Alternate V shall be used in all Superfund Headquarters Support solicitations and contracts. The Contracting Officer is authorized to modify paragraph (c) of Alternate V to reflect any unique limitations applicable to the program requirements. Alternate VI shall be used in all Site Specific solicitations and contracts.

(d) The Contracting Officer shall insert the clause at 1552.209-75 in Superfund solicitations and contracts in excess of the simplified acquisition threshold, where the solicitation or contract does not include (EPAAR) 48 CFR 1552.211-74, Work Assignments, Alternate I, or a similar clause requiring conflict of interest certifications during contract performance. This clause requires an annual conflict of interest certification from contractors when the contract does not require the submission of other conflict of interest certifications during contract performance. Contracts requiring annual certifications include: Site Specific contracts, the Contract Laboratory Program (CLP), and the Sample Management Office (SMO) contracts. The annual certification requires a contractor to certify that all organizational conflicts of interest have been reported, and that its personnel performing work under EPA contracts or relating to EPA contracts have been informed of their obligation to report personal and organizational conflicts of interest to the Contractor. The annual certifi-

cation shall cover the one-year period from the date of contract award for the initial certification, and a one-year period starting from the previous certification for subsequent certifications. The certification must be received by the Contracting Officer no later than 45 days after the close of the certification period covered.
