Subpart 25.8—Other International Agreements and Coordination

25.801 General.

Treaties and agreements between the United States and foreign governments affect the evaluation of offers from foreign entities and the performance of contracts in foreign countries.

25.802 Procedures.

(a) When placing contracts with contractors located outside the United States, for performance outside the United States, contracting officers must—

(1) Determine the existence and applicability of any international agreements and ensure compliance with these agreements; and

(2) Conduct the necessary advance acquisition planning and coordination between the appropriate U.S. executive agencies and foreign interests as required by these agreements.

(b) The Department of State publishes many international agreements in the "United States Treaties and Other International Agreements" series. Copies of this publication normally are available in overseas legal offices and U.S. diplomatic missions.

(c) Contracting officers must award all contracts with Taiwanese firms or

48 CFR Ch. 1 (10-1-03 Edition)

organizations through the American Institute of Taiwan (AIT). AIT is under contract to the Department of State.

Subpart 25.9—Customs and Duties

25.900 Scope of subpart.

This subpart provides policies and procedures for exempting from import duties certain supplies purchased under Government contracts.

25.901 Policy.

United States laws impose duties on foreign supplies imported into the customs territory of the United States. Certain exemptions from these duties are available to Government agencies. Agencies must use these exemptions when the anticipated savings to appropriated funds will outweigh the administrative costs associated with processing required documentation.

25.902 Procedures.

For regulations governing importations and duties, see the Customs Regulations issued by the U.S. Customs Service, Department of the Treasury (19 CFR Chapter 1). Except as provided elsewhere in the Customs Regulations (see 19 CFR 10.100), all shipments of imported supplies purchased under Government contracts are subject to the usual Customs entry and examination requirements. Unless the agency obtains an exemption (see 25.903), those shipments are also subject to duty.

25.903 Exempted supplies.

(a) Subchapters VIII and X of Chapter 98 of the Harmonized Tariff Schedule of the United States (19 U.S.C. 1202) list supplies for which exemptions from duty may be obtained when imported into the customs territory of the United States under a Government contract. For certain of these supplies, the contracting agency must certify to the Commissioner of Customs that they are for the purpose stated in the Harmonized Tariff Schedule (see 19 CFR 10.102-104, 10.114, and 10.121 and 15 CFR part 301 for requirements and forms).

Federal Acquisition Regulation

25.1002

(b) Supplies (excluding equipment) for Government-operated vessels or aircraft may be withdrawn from any customs-bonded warehouse, from continuous customs custody elsewhere than in a bonded warehouse, or from a foreign-trade zone, free of duty and internal revenue tax as provided in 19 U.S.C. 1309 and 1317. The contracting activity must cite this authority on the appropriate customs form when making purchases (see 19 CFR 10.59–10.65).

Subpart 25.10—Additional Foreign Acquisition Regulations

25.1001 Waiver of right to examination of records.

(a) *Policy.* The clause at 52.215-2, Audit and Records—Negotiation, prescribed at 15.209(b), and paragraph (d) of the clause at 52.212-5, Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Items, prescribed at 12.301(b)(4), implement 10 U.S.C. 2313 and 41 U.S.C. 254d. The basic clauses authorize examination of records by the Comptroller General.

(1) Insert the appropriate basic clause, whenever possible, in negotiated contracts with foreign contractors.

(2) The contracting officer may use 52.215-2 with its Alternate III or 52.212-5 with its Alternate I after—

(i) Exhausting all reasonable efforts to include the basic clause;

(ii) Considering factors such as alternate sources of supply, additional cost, and time of delivery; and

(iii) The head of the agency has executed a determination and findings in accordance with paragraph (b) of this section, with the concurrence of the Comptroller General. However, concurrence of the Comptroller General is not required if the contractor is a foreign government or agency thereof or is precluded by the laws of the country involved from making its records available for examination.

(b) *Determination and findings.* The determination and findings must—

(1) Identify the contract and its purpose, and identify if the contract is with a foreign contractor or with a for-

eign government or an agency of a foreign government;

(2) Describe the efforts to include the basic clause;

(3) State the reasons for the contractor's refusal to include the basic clause;

(4) Describe the price and availability of the supplies or services from the United States and other sources; and

(5) Determine that it will best serve the interest of the United States to use the appropriate alternate clause in paragraph (a)(2) of this section.

25.1002 Use of foreign currency.

(a) Unless an international agreement or the Trade Agreements Act (see 25.408(a)(3)) requires a specific currency, contracting officers must determine whether solicitations for contracts to be entered into and performed outside the United States will require submission of offers in U.S. currency or a specified foreign currency. In unusual circumstances, the contracting officer may permit submission of offers in other than a specified currency.

(b) To ensure a fair evaluation of offers, solicitations generally should require all offers to be priced in the same currency. However, if the solicitation permits submission of offers in other than a specified currency, the contracting officer must convert the offered prices to U.S. currency for evaluation purposes. The contracting officer must use the current market exchange rate from a commonly used source in effect as follows:

(1) For acquisitions conducted using sealed bidding procedures, on the date of bid opening.

(2) For acquisitions conducted using negotiation procedures—

(i) On the date specified for receipt of offers, if award is based on initial offers; otherwise

(ii) On the date specified for receipt of final proposal revisions.

(c) If a contract is priced in foreign currency, the agency must ensure that adequate funds are available to cover currency fluctuations to avoid a violation of the Anti-Deficiency Act (31 U.S.C. 1341, 1342, 1511–1519).
