or unit price contracts except with the prior approval of the head of the contracting activity.

#### **36.209 Construction contracts with architect-engineer firms.**

No contract for the construction of a project shall be awarded to the firm that designed the project or its subsidiaries or affiliates, except with the approval of the head of the agency or authorized representative.

#### **36.210 Inspection of site and examination of data.**

The contracting officer should make appropriate arrangements for prospective offerors to inspect the work site and to have the opportunity to examine data available to the Government which may provide information concerning the performance of the work, such as boring samples, original boring logs, and records and plans of previous construction. The data should be assembled in one place and made available for examination. The solicitation should notify offerors of the time and place for the site inspection and data examination. If it is not feasible for offerors to inspect the site or examine the data on their own, the solicitation should also designate an individual who will show the site or data to the offerors. Significant site information and the data should be made available to all offerors in the same manner, including information regarding any utilities to be furnished during construction. A record should be kept of the identity and affiliation of all offerors' representatives who inspect the site or examine the data.

#### **36.211 Distribution of advance notices and solicitations.**

Advance notices and solicitations should be distributed to reach as many prospective offerors as practicable. Contracting officers may send notices and solicitations to organizations that maintain, without charge to the public, display rooms for the benefit of prospective offerors, subcontractors, and material suppliers. If requested by such organizations, this may be done for all or a stated class of construction projects on an annual or semiannual basis. Contracting officers may deter-

#### **36.212 Preconstruction orientation.**

(a) The contracting officer will inform the successful offeror of significant matters of interest, including—(1) statutory matters such as labor standards (subpart 22.4), and subcontracting plan requirements (subpart 19.7); and (2) other matters of significant interest, including who has authority to decide matters such as contractual, administrative (e.g., security, safety, and fire and environmental protection), and construction responsibilities.

(b) As appropriate, the contracting officer may issue an explanatory letter or conduct a preconstruction conference.

(c) If a preconstruction conference is to be held, the contracting officer shall—

(1) Conduct the conference prior to the start of construction at the work site;

(2) Notify the successful offeror of the date, time, and location of the conference (see 36.522); and

(3) Inform the successful offeror of the proposed agenda and any need for attendance by subcontractors.
