AUTHORITY: 40 U.S.C. 121(c); 10 U.S.C. chapter 137; and 42 U.S.C. 2473(c).

SOURCE: 48 FR 42142, Sept. 19, 1983, unless otherwise noted.

9.000 Scope of part.

This part prescribes policies, standards, and procedures pertaining to prospective contractors' responsibility; debarment, suspension, and ineligibility; qualified products; first article testing and approval; contractor team arrangements; defense production pools and research and development pools; and organizational conflicts of interest.

Subpart 9.1—Responsible Prospective Contractors

9.100 Scope of subpart.

This subpart prescribes policies, standards, and procedures for determining whether prospective contractors and subcontractors are responsible.

9.101 Definition.

Surveying activity, as used in this subpart, means the cognizant contract administration office or, if there is no such office, another organization designated by the agency to conduct preaward surveys.

[48 FR 42142, Sept. 19, 1983, as amended at 66 FR 2128, Jan. 10, 2001]

9.102 Applicability.

(a) This subpart applies to all proposed contracts with any prospective contractor that is located—

(1) In the United States or its outlying areas; or

(2) Elsewhere, unless application of the subpart would be inconsistent with the laws or customs where the contractor is located.

(b) This subpart does not apply to proposed contracts with (1) foreign, State, or local governments; (2) other U.S. Government agencies or their instrumentalities; or (3) agencies for the blind or other severely handicapped (see subpart 8.7).

[48 FR 42142, Sept. 19, 1983, as amended at 68 FR 28080, May 22, 2003]

9.103 Policy.

(a) Purchases shall be made from, and contracts shall be awarded to, responsible prospective contractors only.

(b) No purchase or award shall be made unless the contracting officer makes an affirmative determination of responsibility. In the absence of information clearly indicating that the prospective contractor is responsible, the contracting officer shall make a determination of nonresponsibility. If the prospective contractor is a small business concern, the contracting officer shall comply with subpart 19.6, Certificates of Competency and Determinations of Responsibility. (If Section 8(a)

9.104

of the Small Business Act (15 U.S.C. 637) applies, see subpart 19.8.)

(c) The award of a contract to a supplier based on lowest evaluated price alone can be false economy if there is subsequent default, late deliveries, or other unsatisfactory performance resulting in additional contractual or administrative costs. While it is important that Government purchases be made at the lowest price, this does not require an award to a supplier solely because that supplier submits the lowest offer. A prospective contractor must affirmatively demonstrate its responsibility, including, when necessary, the responsibility of its proposed subcontractors.

9.104 Standards.

9.104-1 General standards.

To be determined responsible, a prospective contractor must—

(a) Have adequate financial resources to perform the contract, or the ability to obtain them (see 9.104-3(a));

(b) Be able to comply with the required or proposed delivery or performance schedule, taking into consideration all existing commercial and governmental business commitments;

(c) Have a satisfactory performance record (see 48 CFR 9.104-3(b) and part 42, subpart 42.15). A prospective contractor shall not be determined responsible or nonresponsible solely on the basis of a lack of relevant performance history, except as provided in 9.104-2;

(d) Have a satisfactory record of integrity and business ethics;

(e) Have the necessary organization, experience, accounting and operational controls, and technical skills, or the ability to obtain them (including, as appropriate, such elements as production control procedures, property control systems, quality assurance measures, and safety programs applicable to materials to be produced or services to be performed by the prospective contractor and subcontractors) (see 9.104-3(a));

48 CFR Ch. 1 (10-1-03 Edition)

(f) Have the necessary production, construction, and technical equipment and facilities, or the ability to obtain them (see 9.104-3(a)); and

(g) Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

[48 FR 42142, Sept. 19, 1983, as amended at 51 FR 27119, July 29, 1986; 56 FR 55374, Oct. 25, 1991; 60 FR 16718, Mar. 31, 1995; 61 FR 67410, Dec. 20, 1996; 65 FR 80264, Dec. 20, 2000; 66 FR 17756, Apr. 3, 2001; 66 FR 66986, 66989, Dec. 27, 2001]

9.104-2 Special standards.

(a) When it is necessary for a particular acquisition or class of acquisitions, the contracting officer shall develop, with the assistance of appropriate specialists, special standards of responsibility. Special standards may be particularly desirable when experience has demonstrated that unusual expertise or specialized facilities are needed for adequate contract performance. The special standards shall be set forth in the solicitation (and so identified) and shall apply to all offerors.

(b) Contracting officers shall award contracts for subsistence only to those prospective contractors that meet the general standards in 9.104-1 and are approved in accordance with agency sanitation standards and procedures.

9.104-3 Application of standards.

(a) *Ability to obtain resources.* Except to the extent that a prospective contractor has sufficient resources or proposes to perform the contract by subcontracting, the contracting officer shall require acceptable evidence of the prospective contractor's ability to obtain required resources (see 9.104-1(a), (e), and (f)). Acceptable evidence normally consists of a commitment or explicit arrangement, that will be in existence at the time of contract award, to rent, purchase, or otherwise acquire the needed facilities, equipment, other resources, or personnel. Consideration of a prime contractor's compliance with limitations on subcontracting shall take into account the time period covered by the contract base period or quantities plus option periods or quantities, if such options are considered when evaluating offers for award.
