49 CFR Ch. II (10-1-03 Edition)

§ 229.5 Definitions.

As used in this part—

(a) *Break* means a fracture resulting in complete separation into parts.

(b) *Cab* means that portion of the superstructure designed to be occupied by the crew operating the locomotive.

(c) *Carrier* means *railroad*, as that term is defined below.

Commuter service means the type of railroad service described under the heading "Commuter Operations" in 49 CFR part 209, Appendix A.

Commuter work train is a non-revenue service train used in the administration and upkeep service of the commuter railroad.

(d) *Control cab locomotive* means a locomotive without propelling motors but with one or more control stands.

(e) *Crack* means a fracture without complete separation into parts, except that castings with shrinkage cracks or hot tears that do not significantly diminish the strength of the member are not considered to be cracked.

(f) *Dead locomotive* means—

(1) A locomotive other than a control cab locomotive that does not have any traction device supplying tractive power; or

(2) A control cab locomotive that has a locked and unoccupied cab.

(g) *Event recorder* means a device, designed to resist tampering, that monitors and records data on train speed, direction of motion, time, distance, throttle position, brake applications and operations (including train brake, independent brake, and, if so equipped, dynamic brake applications and operations) and, where the locomotive is so equipped, cab signal aspect(s), over the most recent 48 hours of operation of the electrical system of the locomotive on which it is installed. A device, designed to resist tampering, that monitors and records the specified data only when the locomotive is in motion shall be deemed to meet this definition provided the device was installed prior to [insert the effective date of the rule] and records the specified data for the last eight hours the locomotive was in motion.

(h) *High voltage* means an electrical potential of more than 150 volts.

(i) *In-service event recorder* means an event recorder that was successfully
