

Subpart G—Matters of General Applicability

§ 268.601 EEO group statistics.

(a) The Board shall establish a system to collect and maintain accurate employment information on the race, national origin, sex and disability(ies) of its employees.

(b) Data on race, national origin and sex shall be collected by voluntary self-identification. If an employee does not voluntarily provide the requested information, the Board shall advise the employee of the importance of the data and of the Board's obligation to report it. If the employee still refuses to provide the information, the Board must make a visual identification and inform the employee of the data it will be reporting. If the Board believes that information provided by an employee is inaccurate, the Board shall advise the employee about the solely statistical purpose for which the data is being collected, the need for accuracy, the Board's recognition of the sensitivity of the information and the existence of procedures to prevent its unauthorized disclosure. If, thereafter, the employee declines to change the apparently inaccurate self identification, the Board must accept it.

(c) Subject to applicable law, the information collected under paragraph (b) of this section shall be disclosed only in the form of gross statistics. The Board shall not collect or maintain any information on the race, national origin or sex of individual employees except in accordance with applicable law and when an automated data processing system is used in accordance with standards and requirements prescribed by the Commission to insure individual privacy and the separation of that information from personnel records.

(d) The Board's system is subject to the following controls:

(1) Only those categories of race and national origin prescribed by the Commission may be used;

(2) Only the specific procedures for the collection and maintenance of data that are prescribed or approved by the Commission may be used.

(e) The Board may use the data only in studies and analyses which con-

tribute affirmatively to achieving the objectives of the Board's equal employment opportunity program. The Board shall not establish a quota for the employment of persons on the basis of race, color, religion, sex, or national origin.

(f) Data on disabilities shall also be collected by voluntary self-identification. If an employee does not voluntarily provide the requested information, the Board shall advise the employee of the importance of the data and of the Board's obligation to report it. If an employee who has been appointed pursuant to a special Board program for hiring individuals with a disability still refuses to provide the requested information, the Board must identify the employee's disability based upon the records supporting the appointment. If any other employee still refuses to provide the requested information or provides information that the Board believes to be inaccurate, the Board should report the employee's disability status as unknown.

(g) The Board shall report to the Commission on employment by race, national origin, sex, and disability in the form and at such times as the Board and Commission shall agree.

§ 268.602 Reports to the Commission.

(a) The Board shall report to the Commission information concerning pre-complaint counseling and the status, processing, and disposition of complaints under this part at such times and in such manner as the Board and Commission shall agree.

(b) The Board shall advise the Commission whenever it is served with a Federal court complaint based upon a complaint that is pending on appeal at the Commission.

(c) The Board shall submit annually for the review and approval of the Commission written equal employment opportunity plans of action. Plans shall be submitted in the format prescribed by the Commission and shall include, but not be limited to:

(1) Provision for the establishment of training and education programs designed to provide maximum opportunity for employees to advance so as to perform at their highest potential;
