

§ 123.203 What interest rate will my business pay on a physical disaster business loan and what are the repayment terms?

(a) SBA will announce interest rates with each disaster declaration. If your business, together with its affiliates and principal owners, have credit elsewhere, your interest rate is set by a statutory formula, but will not exceed 8 percent per annum. If you do not have credit elsewhere, your interest rate will not exceed 4 percent per annum. The maturity of your loan depends upon your repayment ability, but cannot exceed 3 years if you have credit elsewhere. Otherwise, the maximum maturity is 30 years.

(b) Generally, you must pay equal monthly installments, of principal and interest, beginning five months from the date of the loan as shown on the Note. SBA will consider other payment terms if you have seasonal or fluctuating income, and SBA may allow installment payments of varying amounts over the first two years of the loan. There is no penalty for prepayment for disaster loans.

§ 123.204 How much can your business borrow for post-disaster mitigation?

For mitigation measures implemented after a disaster has occurred, you can borrow the lesser of the cost of the mitigation measure, or up to 20 percent of the amount of your approved physical disaster business loan to repair or replace your damaged business real estate and other business assets.
