

individuals with handicaps to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the Agency are not, themselves, covered by this part.

(h) The exclusion of individuals without handicaps from the benefits of a program limited by Federal statute or Executive Order to individuals with handicaps or the exclusion of a specific class of individuals with handicaps from a program limited by Federal statute or Executive Order to a different class of individuals with handicaps is not prohibited by this part.

(i) The Agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified individuals with handicaps.

§§ 136.131–136.139 [Reserved]

§ 136.140 Employment.

(a) No qualified individual with handicaps shall, on the basis of handicap, be subjected to discrimination in employment under any program, or activity conducted by the Agency.

(b) The definitions, requirements and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791) as established by the EEOC in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§§ 136.141–136.148 [Reserved]

§ 136.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in §136.150, no qualified individual with handicaps shall, because the Agency's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Agency.

§ 136.150 Program accessibility: Existing facilities.

(a) *General.* The Agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This paragraph does not—

(1) Necessarily require the Agency to make each of its existing facilities accessible to and usable by individuals with handicaps; or

(2) Require the Agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where Agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Agency has the burden of proving that compliance with §136.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Administrator or Deputy Administrator after considering all Agency resources available for use in the funding and operation of the conducted program or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. The Administrator or Deputy Administrator's decision shall be made within 30 days of the initial decision by Agency personnel that an action would result in such an alteration or burdens. If an action would result in such an alteration or such burdens, the Agency shall take any other action that would not result in such an alteration or such burdens but would, nevertheless, ensure that individuals with handicaps receive the benefits and services of the program or activity.

(b) *Methods.* The Agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aids to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. The Agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The Agency, in making alterations to existing buildings, shall

meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the Agency shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate.

(c) *Time period for compliance.* The Agency shall comply with the obligations established under this section by September 13, 1988, except that where structural changes in facilities are undertaken, such changes shall be made by July 15, 1991, but in any event as expeditiously as possible.

(d) *Transition plan.* In the event that structural changes to facilities will be undertaken to achieve program accessibility, the Agency shall develop, by January 16, 1989, a transition plan setting forth the steps necessary to complete such changes. The Agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum:

(1) Identify physical obstacles in the Agency's facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 136.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the Agency

shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with handicaps. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151-4157), as established in 41 CFR 101-19.600-101-19.607, apply to buildings covered by this section.

§§ 136.152-136.159 [Reserved]

§ 136.160 Communications.

(a) The Agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The Agency shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the Agency.

(i) In determining what type of auxiliary aid is necessary, the Agency shall give primary consideration to the requests of the individual with handicaps.

(ii) The Agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the Agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD's) or equally effective telecommunication systems shall be used.

(b) The Agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The Agency shall provide a sign at each primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the Agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In
