

term employment opportunities rather than merely transferring jobs from one area of the country to another;

(2) Be supported by significant private sector investment;

(3) Leverage or be a catalyst for the effective use of private, local government, State or other Federal funding that is available;

(4) Likely be started and completed in a timely fashion; and

(5) If the project is located in an area with a stable economy and low distress, provide employment opportunities for residents of nearby areas of high distress.

Subpart B—Requirements for Approved Projects

§ 305.5 Pilot program.

(a) EDA's Regional Offices may, upon approval of the Deputy Assistant Secretary for Program Operations, institute pilot programs for post-approval construction monitoring, thereby continuing EDA's efforts to streamline and simplify procedures for monitoring approved EDA construction projects. The knowledge and efficiencies gained from the pilot programs will be evaluated and used to improve and revise EDA's post-approval project management requirements and procedures.

(b) As part of a pilot program, the procedures developed by a Regional Office may vary from those listed in this subpart B. No additional requirements are imposed by pilot program procedures. A Regional Office will provide guidelines, in its version of the "Requirements for Approved Projects," to all recipients of grants for construction projects monitored by the Office. The recipient may not be required to submit to EDA certain documentation at any set time, but will be required to maintain all documentation supporting any and all certifications submitted to the Regional Office, for the period of time provided in 15 CFR part 14 or 24, as appropriate.

[65 FR 71024, Nov. 28, 2000]

§ 305.6 Project management conference.

After the EDA financial assistance award has been accepted by the recipient,

EDA may schedule a planning conference with the recipient's representatives to explain the post-approval requirements for administration of the EDA assisted project.

[64 FR 69875, Dec. 14, 1999]

§ 305.7 Selection of the Architect/Engineer.

Guidelines for the selection of the Architect/Engineer (A/E), services to be performed by the A/E, contract provisions for those services and eligible fees for the A/E are as follows:

(a) Selection of the A/E may be by sealed bids using formal advertising or by competitive proposal procedures subject to negotiation of fair and reasonable compensation. The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(b) The A/E agreement shall provide for all services required by the recipient for the engineering feasibility, design and contract administration of the proposed project. Appropriate standards or guides developed by such professional organizations as the American Consulting Engineers Council, American Society of Civil Engineers, National Society of Professional Engineers, and/or the American Institute of Architects may be used where the grantee does not have standard procurement/contract documents.

(c) Exhibit A-1, Checklist for Architect/Engineer Services, in the EDA publication, *Requirements for Approved Construction Projects*, displayed at EDA's Web Site, <http://www.doc.gov/eda> (a copy of this publication is available from EDA and a copy will be furnished to an award recipient with the Offer of Financial Assistance), lists the contract provisions which EDA recommends for the A/E contract. The A/E agreement must be furnished to EDA in order for the allowability of the costs of A/E services to be determined.

(d) Eligible project costs may include, but not be limited to, costs for A/E fees, resident inspection, test borings, and the testing of materials provided under an agreement or contract with the recipient. The A/E fees should
