

§ 303.2 Definitions and forms.

(a) *Definitions.* Unless the context indicates otherwise:

(1) *Act* means Pub. L. 97-446, enacted January 12, 1983 (19 U.S.C. 1202), 96 Stat. 2329, as amended by Pub. L. 103-465, enacted on December 8, 1994, 108 Stat. 4991.

(2) *Secretaries* means the Secretary of Commerce and the Secretary of Interior or their delegates, acting jointly.

(3) *Director* means the Director of the Statutory Import Programs Staff, International Trade Administration, U.S. Department of Commerce.

(4) *Sale or transfer of a business* means the sale or transfer of control, whether temporary or permanent, over a firm to which a duty-exemption has been allocated, to any other firm, corporation, partnership, person or other legal entity by any means whatsoever, including, but not limited to, merger and transfer of stock, assets or voting trusts.

(5) *New firm* is a watch firm not affiliated through ownership or control with any other watch duty-refund recipient. In assessing whether persons or parties are affiliated, the Secretaries will consider the following factors, among others: stock ownership; corporate or family groupings; franchise or joint venture agreements; debt financing; and close supplier relationships. The Secretaries may not find that control exists on the basis of these factors unless the relationship has the potential to affect decisions concerning production, pricing, or cost. Also, no watch duty-refund recipient may own or control more than one jewelry duty-refund recipient. A new entrant is a new watch firm which has received an allocation.

(6) *Producer* means a duty-exemption holder which has maintained its eligibility for further allocations by complying with these regulations.

(7) *Established industry* means all producers, including new entrants, that have maintained their eligibility for further allocations.

(8) *Territories, territorial, and insular possessions* refer to the insular possessions of the United States (i.e., the U.S. Virgin Islands, Guam, and American Samoa) and the Northern Mariana Islands.

(9) *Duty-exemption* refers to the authorization of duty-free entry of a specified number of watches and watch movements into the Customs Territory of the United States.

(10) *Total annual duty-exemption* refers to the entire quantity of watches or watch components which may enter duty-free into the customs territory of the United States from the territories under 91/5 in a calendar year, as determined by the Secretaries or by the International Trade Commission in accordance with the Act.

(11) *Territorial distribution* refers to the apportionment by the Secretaries of the total annual duty-exemption among the separate territories; *territorial share* means the portion consigned to each territory by this apportionment.

(12) *Allocation* refers to the distribution of all parts of a territorial share, or a portion thereof, among the several producers in a territory.

(13) *Creditable wages* means all wages, up to an amount equal to 65% of the contribution and benefit base for Social Security as defined in the Social Security Act for the year in which the wages were earned, paid to permanent residents of the territories employed in a firm's 91/5 watch and watch movement assembly operations, plus any wages paid for the repair of non-91/5 watches up to an amount equal to 50 percent of the firm's total creditable wages. Excluded, however, are wages paid to any outside consultants or other professional personnel, such as lawyers and accountants, or to those persons not involved in the day-to-day assembly operations or servicing and maintenance of equipment and fixtures necessary for the assembly or manufacturing operations or administrative work and security activities directly related to the operations of the company, such as gardeners or construction workers, and for the repair of non-91/5 watches and movements to the extent that such wages exceed the foregoing percentage. Wages paid to persons engaged in both creditable and non-creditable assembly and repair activities may be credited proportionately provided the firm maintains production and payroll records adequate

for the Departments' verification of the creditable portion.

(14) *Non-91/5 watches and watch movements* include, but are not limited to, watches and movements which are liquidated as dutiable by the U.S. Customs Service; contain any material which is the product of any country with respect to which Column 2 rates of duty apply; are ineligible for duty-free treatment pursuant to law or regulation; or are units the assembly of which the Department has determined not to involve substantial and meaningful work in the territory (as elsewhere defined in these regulations).

(15) *Discrete movements and components* means screws, parts, components and subassemblies not assembled together with another part, component or subassembly at the time of importation into the territory. (A mainplate containing set jewels or shock devices, together with other parts, would be considered a single discrete component, as would a barrel bridge subassembly.)

(b) *Forms*—(1) *ITA-334P* “*Application for License to Enter Watches and Watch Movements into the Customs Territory of the United States.*” This form must be completed annually by all producers desiring to receive an annual allocation. It is also used, with appropriate special instructions for its completion, by new firms applying for duty-exemptions and by producers who wish to receive the duty refund in installments on a biannual basis.

(2) *ITA-333* “*License to Enter Watches and Watch Movements into the Customs Territory of the United States.*” This form is issued by the Director to producers who have received an allocation and constitutes authorization for issuing specific shipment permits by the territorial governments. It is also used to record the balance of a producer's remaining duty-exemptions after each shipment permit is issued.

(3) *ITA-340* “*Permit to Enter Watches and Watch Movements into the Customs Territory of the United States.*” This form may be obtained, by producers holding a valid license, from the territorial government or may be produced by the licensee in an approved computerized format or any other medium or format approved by the Departments of

Commerce and the Interior. The completed form authorizes duty-free entry of a specified amount of watches or watch movements at a specified U.S. Customs port.

(4) *ITA-360P* “*Certificate of Entitlement to Secure the Refund of Duties on Watches and Watch Movements.*” This document authorizes an insular producer to request the refund of duties on imports of watches, watch movements and parts therefor, with certain exceptions, up to a specified value. Certificates may be used to obtain duty refunds only when presented with a properly executed Form *ITA-361P*.

(5) *ITA-361P* “*Request for Refund of Duties on Watches and Watch Movements.*” This form must be completed to obtain the refund of duties authorized by the Director through Form *ITA-360P*. After authentication by the Department of Commerce, it may be used for the refund of duties on items which were entered into the customs territory of the United States during a specified time period. Copies of the appropriate Customs entries must be provided with this form to establish a basis for issuing the claimed amounts. The forms may also be used to transfer all or part of the producer's entitlement to another party. (See § 303.12.)

EFFECTIVE DATE NOTE: At 67 FR 77408, Dec. 18, 2002, § 303.2 was amended by adding paragraph (a)(16), effective Jan. 17, 2003. For the convenience of the user, the added text is set forth as follows:

§ 303.2 Definitions and forms.

(a) * * *

(16) *Permanent resident* means a person with one residence which is in the insular possessions or a person with one or more residences outside the insular possessions who meets criteria that include maintaining his or her domicile in the insular possessions, residing (*i.e.*, be physically present for at least 183 days per year) and working in the territory

at a program company, and maintaining his or her primary office for day-to-day work in the insular possessions.

§ 303.3 Determination of the total annual duty-exemption.

(a) *Procedure for determination.* If, after considering the productive capacity of the territorial watch industry and the economic interests of the territories, the Secretaries determine that the amount of the total annual duty-exemption, or the territorial shares of the total amount, should be changed, they shall publish in the FEDERAL REGISTER a proposed limit on the quantity of watch units which may enter duty-free into the customs territory of the United States and proposed territorial shares thereof and, after considering comments, establish the limit and shares by FEDERAL REGISTER notice. If the Secretaries take no action under this section, they shall make the allocations in accordance with the limit and shares last established by this procedure.

(b) *Standards for determination.* (1) Notwithstanding paragraph (b)(2) of this section, the limit established for any year may be 7,000,000 units if the limit established for the preceding year was a smaller amount.

(2) Subject to paragraph (c) of this section, the total annual duty-exemption shall not be decreased by more than 10% of the quantity established for the preceding calendar year, or increased, if the resultant total is larger than 7,000,000, by more than 20% of the quantity established for the calendar year immediately preceding.

(3) The Secretaries shall determine the limit after considering the interests of the territories; the domestic or international trade policy objectives of the United States; the need to maintain the competitive nature of the territorial industry; the total contribution of the industry to the economic well-being of the territories; and the territorial industry's utilization of the total duty-exemption established in the preceding year.

(c) *Determinations based on consumption.* (1) The Secretaries shall notify the International Trade Commission

whenever they have reason to believe duty-free watch imports from the territories will exceed 9,000,000 units, or whenever they make a preliminary determination that the total annual duty-exemption should exceed 10,000,000 units.

(2) In addition to the limitations in paragraph (b) of this section, the Secretaries shall not establish a limit exceeding one-ninth of apparent domestic consumption if such consumption, as determined by International Trade Commission, exceeds 90 million units.

§ 303.4 Determination of territorial distribution.

(a) *Procedure for determination.* The Secretaries shall determine the territorial shares concurrently with their determination of the total annual duty exemption, and in the same manner (see § 303.3, above).

(b) *Standards for determination—(1) Limitations.* A territorial share may not be reduced by more than 500,000 units in any calendar year. No territorial share shall be less than 500,000 units.

(2) *Criteria for setting precise quantities.* The Secretaries shall determine the precise quantities after considering, *inter alia*, the territorial capacity to produce and ship watch units. The Secretaries shall further bear in mind the aggregate benefits to the territories, such as creditable wages paid, creditable wages per unit exported, and corporate income tax payments.

(3) *Limitations on reduction of share.* The Secretaries shall not reduce a territory's share if its producers use 85% or more of the quantity distributed to that territory in the immediately preceding year, except in the case of a major increase or decrease in the number of producers in a territory or if they believe that a territorial industry will decrease production by more than 15% from the total of the preceding year.

(4) *Standby redistribution authority.* The Secretaries may redistribute territorial shares if such action is warranted by circumstances unforeseen at the time of the initial distributions, such as that a territory will use less
