

§922.112

15 CFR Ch. IX (1–1–03 Edition)

(b) All activities being carried out by the Department of Defense (DOD) within the Sanctuary on the effective date of designation that are necessary for national defense are exempt from the prohibitions contained in the regulations in this subpart. Additional DOD activities initiated after the effective date of designation that are necessary for national defense will be exempted by the Director after consultation between the Department of Commerce and DOD. DOD activities not necessary for national defense, such as routine exercises and vessel operations, are subject to all prohibitions contained in the regulations in this subpart.

(c) Where necessary to prevent immediate, serious, and irreversible damage to a Sanctuary resource, any activity may be regulated within the limits of the Act on an emergency basis for no more than 120 days.

§922.112 Permit procedures and criteria.

(a) If a person wishes to conduct an activity prohibited under §922.111, that person must apply for, receive, and have in possession on board any vessel used a valid permit issued pursuant to this section and §922.48 authorizing that person to conduct that activity.

(b) Permit applications shall be addressed to the Director, Office of Ocean and Coastal Resource Management; ATTN: Manager, Cordell Bank National Marine Sanctuary, Fort Mason, Building #201, San Francisco, CA 94123.

(c) The Director, at his or her discretion, may issue a permit subject to such terms and conditions as deemed appropriate, to conduct an activity otherwise prohibited by §922.111, if the Director finds that the activity will further research related to Sanctuary resources; further the educational or historical value of the Sanctuary; further salvage or recovery operations in or near the Sanctuary in connection with a recent air or marine casualty; or assist in the management of the Sanctuary. In deciding whether to issue a permit, the Director may consider such factors as the professional qualifications and financial ability of the applicant as related to the proposed activity; the appropriateness of the methods and procedures proposed

by the applicant for the conduct of the activity; the extent to which the conduct of the activity may diminish or enhance the values for which the Sanctuary was designated; and the end value of the applicant's overall activity.
