

§ 226.8

(j) *Recovery of overpayments.* Each State agency shall establish procedures to recover outstanding start-up, expansion and advance payments from institutions which, in the opinion of the State agency, will not be able to earn these payments.

(k) *Claims processing.* Each State agency shall establish procedures for institutions to properly submit claims for reimbursement. All valid claims shall be paid within 45 calendar days of receipt. Within 15 calendar days of receipt of any incomplete or incorrect claim which must be revised for payment, the State agency shall notify the institution as to why and how such claim must be revised. If the State agency disallows partial or full payment for a claim for reimbursement, it shall notify the institution which submitted the claim of its right to appeal under § 226.6(k). State agencies may permit disallowances to be appealed separately from claims for reimbursement.

(l) *Participation controls.* The State agency may establish control procedures to ensure that payment is not made for meals served to participants attending in excess of the authorized capacity of each independent center, adult day care facility or child care facility.

(m) *Financial management system.* Each State agency shall establish a financial management system in accordance with the Uniform Federal Assistance Regulations, 7 CFR part 3015, and FNS guidance to identify allowable Program costs and establish standards for institutional recordkeeping and reporting. These standards shall (1) prohibit claiming reimbursement for meals provided by a participant's family, except as authorized by § 226.18(e) and (2) allow the cost of meals served to adults who perform necessary food service labor under the Program, except in day care homes. The State agency shall provide guidance on financial management requirements to each institution.

7 CFR Ch. II (1-1-03 Edition)

§ 226.8 Audits.

(a) Unless otherwise exempt, audits at the State and institution levels shall be conducted in accordance with the Office of Management and Budget's Circulars A-128 and A-110 and the Department's Uniform Federal Assistance Regulations (7 CFR part 3015). Title XIX and title XX proprietary institutions not subject to organization-wide audits shall be audited by the State agency at least once every two years.

(b) The funds provided to the State agency under § 226.4(h) may be made available to institutions to fund a portion of organization-wide audits, provided that the organization-wide audit includes tests of the CACFP in accordance with section 10.558 of the Compliance Supplement to OMB Circular A-128. The funds provided to an institution for an organization-wide audit shall not exceed the portion of the audit's cost equal to the CACFP's portion of the total Federal grant.

(c) Funds provided under § 226.4(h) may be used by the State agency to conduct program-specific audits of institutions not subject to organization-wide audits, or for which the State agency considers program specific audits to be needed. The State agency may use any funds remaining after all required program-specific audits have been performed to conduct administrative reviews of institutions.

(d) Funds provided under § 226.4(h) may only be obligated during the fiscal year for which those funds are allocated. If funds provided under § 226.4(h) are not sufficient to meet the requirements of this section, the State agency may then use available State administrative expense funds to conduct audits, provided that the State agency is arranging for the audits and has not passed the responsibility down to the institution.

(e) In conducting management evaluations or audits for any fiscal year, FNS or OIG may disregard any overpayment which does not exceed \$100. In conducting State agency sponsored audits in State administered programs, the State agency may disregard any overpayment which does not exceed the amount established by State law, regulations or procedures as a minimum for which claims will be made for State

Food and Nutrition Service, USDA

§ 226.9

losses generally. No overpayment shall be disregarded, however, where there are unpaid claims of the same fiscal year from which the overpayment can be deducted, or where there is evidence of violation of criminal law or civil fraud statutes.

(f) While OIG shall rely to the fullest extent feasible upon State sponsored audits, OIG may, whenever it considers necessary:

- (1) Make audits on a statewide basis;
- (2) Perform on-site test audits;
- (3) Review audit reports and related working papers of audits performed by or for State agencies.

(g) State agencies are not required to provide a hearing to an institution for State actions taken on the basis of a Federal audit determination. If a State agency does not provide a hearing in such situations, FNS will provide a hearing, upon request, in accordance with procedures set forth in § 226.6(k).

[47 FR 36527, Aug. 20, 1982, as amended at 50 FR 8580, Mar. 4, 1985; 51 FR 4295, Feb. 4, 1986; 52 FR 5526, Feb. 25, 1987; 53 FR 52590, Dec. 28, 1988; Amdt. 22, 55 FR 1378, Jan. 14, 1990; 67 FR 43490, June 27, 2002]

Subpart D—Payment Provisions

§ 226.9 Assignment of rates of reimbursement for centers.

(a) The State agency shall assign rates of reimbursement, not less frequently than annually, on the basis of family-size and income information reported by each institution. Assigned rates of reimbursement may be changed more frequently than annually if warranted by changes in family-size and income information. Assigned rates of reimbursement shall be adjusted annually to reflect changes in the national average payment rates.

(b) The State agency shall either:

(1) Require that institutions submit each month's figures for meals served daily to participants from families meeting the eligibility standards for free meals, to participants from families meeting the eligibility standards for reduced-price meals, and to participants from families not meeting such guidelines; or

(2) Establish claiming percentages, not less frequently than annually, for each institution on the basis of the

number of enrolled participants eligible for free, reduced-price, and paid meals; or

(3) Determine a blended per-meal rate of reimbursement, not less frequently than annually, by adding the products obtained by multiplying the applicable national average payment rate of reimbursement for each category (free, reduced-price, paid) by the claiming percentage for that category.

(c) States have two methods of reimbursing institutions. The method chosen by the State agency must be applied to all institutions participating in the Program in that State. These methods are:

(1) Meals times rates payment, which involves reimbursing an institution for meals served at the assigned rate for each meal. This method entails no comparison to the costs incurred by the institution for the meal service; and,

(2) Meals times rates or actual costs, whichever is the lesser, which involves reimbursing an institution for meals served at the assigned rate for each meal or at the level of the costs actually incurred by the institution for the meal service. This method does entail a comparison of the costs incurred to the meal rates, with the costs being a limiting factor on the level of reimbursement an institution may receive.

(d) In those States where the State agency has chosen the option to implement a meals times rates payment system State-wide, the State agency may elect to pay an institution's final claim for reimbursement for the fiscal year at higher reassigned rates of reimbursement for lunches and suppers; however, the reassigned rates may not exceed the applicable maximum rates of reimbursement established under § 210.11(b) of the National School Lunch Program regulations. In those States which use the method of comparing meals times rates or actual costs, whichever is lesser, the total payments made to an institution shall not exceed the total net costs incurred for the fiscal year.
