

Technical assistance. Guidance provided to land users regarding the use and treatment of soil, water, plant, animal, and related resources. This assistance may include conservation plan formulation, application, and maintenance and is usually confined to those activities which the recipient could not reasonably be expected to do without specialized assistance.

Technical guide. A document containing detailed information on the conservation of soil, water, plant, animal, and related resources applicable specifically to the area for which it is prepared.

§ 631.3 Administration.

(a) NRCS is responsible for the administration of the Great Plains Conservation Program (GPCP).

(b) The program shall be carried out in close cooperation with interested Federal, state, and local government units and organizations. The program in designated counties shall be coordinated with the long-range program of conservation districts operating in such counties and with other USDA activities.

(c) Applicants who have USDA-Farmers Home Administration (FmHA) loans must furnish to NRCS satisfactory evidence that the conservation plan used as a basis for the GPCP contract is compatible with assistance provided by FmHA. Such evidence may consist of written acknowledgement by the authorized FmHA official that the GPCP conservation plan is compatible with the farm management plan prepared for FmHA program purposes.

§ 631.4 Program applicability.

The program is applicable only to designated counties within the Great Plains states. County designation is a responsibility of the NRCS Chief.

§ 631.5 Land user eligibility.

Any land user in a designated county may file an application for participation in the GPCP with the NRCS field office. A land user who develops an acceptable conservation plan in cooperation with NRCS and the conservation district that is in compliance with the terms and conditions of the program is eligible to sign a contract.

§ 631.6 Land eligible for the program.

The program is applicable to: (a) Privately owned land, (b) nonfederally owned public land under private control for the contract period and included in the participant's operating unit, and (c) federally owned land, if installation of conservation practices would directly benefit nearby or adjoining privately owned land of persons who maintain and use the Federal land.

§ 631.7 Conservation treatment eligible for cost sharing.

(a) The state conservationist, in consultation with the state program committee, shall select the resource management systems, conservation practices, or identifiable units eligible for GPCP cost sharing in the state.

(b) The designated conservationist, in consultation with the county program committee, shall select from the state list the eligible conservation systems, practices, or identifiable units eligible for GPCP cost sharing in the county.

§ 631.8 Cost-share rates.

(a) The Federal rate may not exceed 80 percent.

(b) The maximum Federal rate (percentage) within each state for each practice or identifiable unit shall be established by the state conservationist.

(c) The maximum rate (percentage) for each county is established by the designated conservationist not to exceed the state rate (percentage).

(d) The rate (percentage) established by a state conservationist or a designated conservationist shall not exceed the amount necessary and appropriate to apply conservation treatment.

§ 631.9 Conservation plan.

(a) An applicant is responsible for developing a conservation plan, in cooperation with the conservation district, that protects the resource base in a manner acceptable to NRCS. This plan will be used as a basis for developing a contract. Conservation treatment is to be planned and implemented as a resource management system.

(b) The applicant decides how the land will be used and selects the resource management systems that will achieve the applicant's objectives and
