

**§ 1493.70 Guarantee rates and fees.**

(a) *Guarantee fee rates.* The payment guarantee fee rates will be based upon the length of the payment terms provided for in the export sale contract, the degree of risk that CCC assumes, as determined by CCC, and any other factors which CCC determines appropriate for consideration. A current schedule of the guarantee fee rates charged by CCC under GSM-102 and GSM-103 will be available upon request from the FAS/USDA office specified in the Contacts P/R.

(b) *Calculation of fee.* The guarantee fee will be computed by multiplying the guaranteed value by the guarantee fee rate.

(c) *Payment of fee.* The exporter shall remit, with his written application, the full amount of the guarantee fee. Applications will not be approved until the guarantee fee has been received by CCC. The exporter's check for the guarantee fee shall be made payable to CCC and mailed or delivered by courier to the office specified in the Contacts P/R.

(d) *Refunds of fee.* Guarantee fees paid in connection with approved applications will ordinarily not be refundable. CCC's approval of the application will be final and refund of the guarantee fee will not be made after approval unless the GSM determines that such refund will be in the best interest of CCC. If the application for a payment guarantee is not approved or is approved only for a part of the guarantee coverage requested, a full or pro rata refund of the fee remittance will be made.

**§ 1493.80 Evidence of export.**

(a) *Report of export.* The exporter is required to provide CCC an evidence of export report for each shipment made under the payment guarantee. This report must include the following:

- (1) Payment guarantee number
- (2) Date of export
- (3) Exporter's sale number
- (4) Exported value
- (5) Quantity
- (6) A full description of the commodity exported
- (7) Unit sales price received for the commodity exported and the basis (e.g., FOB, CFR, CIF). Where the unit sales price at export differs from the

unit sales price indicated in the exporter's application for a payment guarantee, the exporter is also required to submit a statement explaining the reason for the difference.

(8) Description and value of discounts and allowances, if any.

(9) Number of the Agreement assigned by USDA under another program if any portion of the export sale was also approved for participation in the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program.

(10) The exporter's statement, "All §1493.90 Certifications Are Being Made In This Evidence Of Export" which, when included in the evidence of export by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in §1493.90.

(b) *Time limit for submission of evidence of export.* The exporter must provide a written report to the office specified in the Contacts P/R within 60 calendar days if the export was by rail or truck; or 30 calendar days if the export was by any other carrier. The time period for filing a report of export will commence upon each date of export of the commodity covered under a payment guarantee. If the evidence of export report is not received by CCC within the time period for filing, the payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would be likely to result, in:

- (1) Significant financial harm to CCC;
- (2) The undermining of an essential regulatory purpose of the program;
- (3) Obstruction of the fair administration of the program; or
- (4) A threat to the integrity of the program. The time limit for submission of an evidence of export report may be extended if such extension is determined by the GSM to be in the best interests of CCC.

(c) *Export sales reporting.* Exporters may have a mandatory reporting responsibility under Section 602 of the Agricultural Trade Act of 1978 (7 U.S.C. 5712), as amended by Section 1531 of the Food, Agriculture, Conservation, and
