

§ 1721.100

(1) If applicable, state that the project is a categorical exclusion of a type described in §1794.21(b), which normally does not require preparation of an Environmental Report (ER); or

(2) If applicable, state that the project is a categorical exclusion of a type that normally requires an ER and then:

(i) Submit the ER with the request for funds to be approved for advance, or

(ii) If applicable, certify that it has analyzed the minor project with respect to a comprehensive service area environmental map and data base collected and used in preparing the ER for its RUS-approved borrower's CWP, and that on the basis of that information, the minor project will not be located in an environmentally sensitive area or location.

(d) *Noncompliance.* Where insured loan funds are found to have been advanced in noncompliance with this section, borrowers will be required to deposit the appropriate amount of the over-advance in the construction fund-trustee account and pay any accrued and unpaid interest to RUS. The Administrator will require borrowers, in order to remedy such noncompliance, to pay an additional amount equal to the interest on the funds over-advanced for the period such funds were outstanding, calculated at a rate equal to the difference between the RUS loan interest rate and the most recent rate at which RUS sold Certificates of Beneficial Ownership (CBO's). While RUS will generally permit the amount of over-advance deposited in the construction fund-trustee account to be subsequently used by the borrower for RUS approved projects, nothing in this section shall be construed to preclude RUS from exercising any rights or remedies which RUS may have pursuant to the loan contract.

§ 1721.100 Purpose.

This subpart contains RUS procedures and conditions under which Borrowers of loans made by RUS may request RUS approval for extensions for the payment of principal and interest.

§ 1721.101 General.

(a) The procedures in this subpart are intended to provide Borrowers with the flexibility to request an extension of principal and interest as authorized under section 12(a) of the RE Act and section 236 of the Disaster Relief Act of 1970 (Public Law 91-606).

(b) The total amount of principal and interest that has been deferred, including interest on deferred principal, will be added to the principal balance, and the total amount of principal and interest that has been deferred will be re-amortized, through level payment, over the remaining life of the applicable note beginning in the first year the deferral period ends.

(c) Payment of principal and interest will not be extended more than 5 years after such payment is due as originally scheduled. However, in cases where the extension is being granted because, at the sole discretion of the Administrator, a severe hardship has been experienced, the Administrator may grant a longer extension provided that the maturity date of any such loan does not extend to a date beyond forty (40) years from the date of the note.

§ 1721.102 Definitions.

The definitions contained in 7 CFR 1710.2 are applicable to this subpart unless otherwise stated.

§ 1721.103 Policy.

(a) In reviewing requests for extension of payment of principal and interest, consideration shall be given to the effect of such extensions on the security of the Government's loans, and on the ability of the Borrower to achieve program objectives.
