

#### §4.11

#### 17 CFR Ch. I (4-1-04 Edition)

(l) *Worst peak-to-valley draw-down* means the greatest cumulative percentage decline in month-end net asset value due to losses sustained by a pool, account or trading program during any period in which the initial month-end net asset value is not equaled or exceeded by a subsequent month-end net asset value. Such decline must be expressed as a percentage of the initial month-end net asset value, together with an indication of the months and year(s) of such decline from the initial month-end net asset value to the lowest month-end net asset value of such decline.<sup>1</sup> For purposes of §§4.25 and 4.35, a peak-to-valley draw-down which began prior to the beginning of the most recent five calendar years is deemed to have occurred during such five-calendar-year period.

(m) *Partially-funded account* means a client participation in the program of a commodity trading advisor in which the amount of funds in the client's commodity interest account over which such commodity trading advisor has trading authority is less than the account size that establishes the client's level of trading in a commodity trading advisor's program.

#### §4.11 Exemption from section 4n(3)(B).

The provisions of section 4n(3)(B) of the Act shall not apply to any commodity pool operator or commodity trading advisor that is registered under the Act as such or that is exempt from such registration.

#### §4.12 Exemption from provisions of part 4.

(a) *In general.* (1) The Commission may exempt any person or any class or classes of persons from any provision of this part 4 if it finds that the exemption is not contrary to the public interest and the purposes of the provisions from which the exemption is sought.

<sup>1</sup>For example, a worst peak-to-valley draw-down of "4 to 8-92/25%" means that the peak-to-valley draw-down lasted from April to August of 1992 and resulted in a twenty-five percent cumulative draw-down.

(2) The Commission may grant the exemption subject to such terms and conditions as it may find appropriate.

(b) *Exemption from subpart B for certain commodity pool operators.* (1) Any person who is registered as a commodity pool operator, or has applied for such registration, may claim any or all of the relief available under paragraph (b)(2) of this section if:

(i) The pool for which it makes such claim:

(A) Will be offered and sold pursuant to the Securities Act of 1933 or pursuant to an exemption from said Act;

(B) Will generally and routinely engage in the buying and selling of securities and securities derived instruments;

(C) Will not enter into commodity futures and commodity options contracts for which the aggregate initial margin and premiums exceed 10 percent of the fair market value of the pool's assets, after taking into account unrealized profits and unrealized losses on any such contracts it has entered into; *Provided, however,* That in the case of an option that is in-the-money at the time of purchase, the in-the-money amount as defined in §190.01(x) may be excluded in computing such 10 percent; and

(D) Will trade such commodity interests in a manner solely incidental to its securities trading activities.

(ii) Each existing participant and prospective participant in the pool for which it makes such request is informed in writing of the restrictions set forth in paragraph (b)(1)(i) (C) and (D) of this section prior to the date the pool commences trading commodity interests. The pool operator may furnish this information by way of the pool's Disclosure Document, Account Statement, a separate notice or other similar means.

(2) The commodity pool operator of a pool which meets the criteria of paragraph (b)(1) of this section may claim the following relief:

(i) In the case of §4.21, that the Commission accept in lieu and in satisfaction of the Disclosure Document specified by that section an offering memorandum for the pool which does not contain the information required by §§4.24(a), 4.24(b), and 4.24(n); *Provided,*

*however*, that the offering memorandum:

(A) Is prepared pursuant to the requirements of the Securities Act of 1933, as amended, or the exemption from said Act pursuant to which the pool is being offered and sold;

(B) Contains the information required by §§ 4.24(c) through (m) and (o) through (u); and

(C) Complies with the requirements of §§ 4.24(v) and (w).

(ii) In the case of § 4.22 (a) and (b), that the Commission accept in lieu and in satisfaction of the Account Statement and prescribed frequency respectively specified by those sections a statement which indicates the net asset value of the pool as of the end of the reporting period and the change in net asset value from the end of the previous reporting period, to be prepared and distributed no less frequently than quarterly; *Provided, however*, That each such statement complies with the other requirements of § 4.22 (a) and (b), including the references in those sections to § 4.22 (g) and (h).

(iii) In the case of § 4.22 (c) through (e), that the Commission accept in lieu and in satisfaction of the financial information and statements in the Annual Report specified by those sections an annual report for the pool which contains, at a minimum, a Statement of Financial Condition as of the close of the pool's fiscal year and a Statement of Income (Loss) for that year; *Provided, however*, That:

(A) Each such annual report complies with the other requirements of § 4.22(c), including the reference in that section to § 4.22(h) and the requirement in § 4.22(c)(5) that the annual report must contain appropriate footnote disclosure and further material information; and

(B) The financial statements in such annual report must be presented and computed in accordance with generally accepted accounting principles consistently applied and must be certified by an independent public accountant.

(iv) In the case of § 4.23(a) (10) and (11), to exempt the pool operator from the requirements of those sections with respect to the pool.

(3) Any registered commodity pool operator who desires to claim the relief available under this § 4.12(b) must file a

claim of exemption with the National Futures Association. Such claim must:

(i) Be in writing;

(ii) Provide the name, main business address and main business telephone number of the registered commodity pool operator, or applicant for such registration, making the request;

(iii) Provide the name of the commodity pool for which the request is being made;

(iv) Contain representations that the pool will be operated in compliance with paragraph (b)(1)(i) of this section and the pool operator will comply with the requirements of paragraph (b)(1)(ii) of this section;

(v) Specify the relief sought under paragraph (b)(2) of this section;

(vi) Be manually signed by a representative duly authorized to bind the pool operator; and

(vii) Be filed with the National Futures Association at its headquarters office (Attn: Director of Compliance, Compliance Department).

(4)(i) The claim of exemption must be filed before the date the commodity pool first enters into a commodity interest transaction.

(ii) The claim of exemption shall be effective upon filing; *Provided, however*, That any exemption claimed hereunder shall cease to be effective upon any change which would render the representations made pursuant to paragraph (b)(3)(iv) of this section inaccurate or the continuation of such representations false or misleading.

(5)(i) If a claim of exemption has been made under § 4.12(b)(2)(i), the commodity pool operator must make a statement to that effect on the cover page of each offering memorandum, or amendment thereto, that it is required to file with the Commission pursuant to § 4.26.

(ii) If a claim of exemption has been made with respect to paragraph (b)(2)(iii) of this section, the pool operator must make a statement to that effect on the cover page of each annual report that it is required to file with the National Futures Association pursuant to § 4.22(c).

(6)(i) Any claim of exemption effective hereunder shall be effective only with respect to the pool for which it has been made.

#### § 4.13

#### 17 CFR Ch. I (4-1-04 Edition)

(ii) The effectiveness of such claim shall not affect the obligations of the commodity pool operator to comply with all other applicable provisions of this part 4, the Act and the Commission's rules and regulations issued thereunder with respect to the pool and any other pool the pool operator operates or intends to operate.
