

§ 408.216

MILITARY SERVICE

§ 408.216 Are you a World War II veteran?

(a) *Service requirements.* For SVB purposes, you are a World War II veteran if you:

(1) Served in the active military, naval or air service of the United States during World War II at any time during the period beginning on September 16, 1940 and ending on July 24, 1947; or

(2) Served in the organized military forces of the Government of the Commonwealth of the Philippines, while the forces were in the service of the U.S. Armed Forces pursuant to the military order of the President dated July 26, 1941, including among the military forces organized guerrilla forces under commanders appointed, designated, or subsequently recognized by the Commander in Chief, Southwest Pacific Area, or other competent authority in the U.S. Army. This service must have been rendered at any time during the period beginning July 26, 1941 and ending on December 30, 1946.

(b) *Discharge requirements.* You must have been discharged or released from this service under conditions other than dishonorable after service of 90 days or more or, if your service was less than 90 days, because of a disability or injury incurred or aggravated in the line of active duty.

SSI ELIGIBILITY

§ 408.218 Do you meet the SSI eligibility requirements?

For SVB purposes, you are eligible for SSI for a given month if all of the following are met:

(a) You have been determined to be eligible for SSI (except as noted in paragraph (c) of this section); you do not have to actually receive a payment for that month;

(b) Your SSI eligibility has not been terminated for that month; and

(c) Your SSI benefits are not subject to a penalty under § 416.1340 of this chapter. This includes months in which a penalty has been imposed, as well as months in which a penalty cannot be imposed because you are in SSI nonpay status for some other reason.

20 CFR Ch. III (4-1-04 Edition)

OTHER BENEFIT INCOME

§ 408.220 Do you have other benefit income?

(a) *Description of other benefit income.* Other benefit income is any regular periodic payment (such as an annuity, pension, retirement or disability benefit) that you receive. For other benefit income to affect your SVB eligibility, you must have been receiving the other benefit income in any part of the 12-month period before the month in which you filed your application for SVB. Payments received after you become entitled to SVB can be included as other benefit income only if you received a similar payment from the same or a related source during any part of the 12-month period before the month in which you filed your application for SVB.

(b) *When other benefit payments are considered to be similar payments from the same or a related source.* Payments are similar payments from the same or a related source if they are received from sources substantially related to the sources of income received before you became entitled to SVB. For example, if you received U.S. Social Security spouse's benefits in the 12-month period before you filed your application for SVB and these were changed to widower's benefits after you became entitled to SVB, we would consider this to be from the same or a related source.

(c) *Examples of other benefit income.* Other benefit income can come from a source inside or outside the United States. It includes, but is not limited to, any of the following:

(1) Veterans' compensation or pension,

(2) Workers' compensation,

(3) U.S. or foreign Social Security benefits (not including SSI payments from the U.S.),

(4) Railroad retirement annuity or pension,

(5) Retirement or disability pension,

(6) Individual Retirement Account (IRA) payments, and

(7) Unemployment insurance benefit.

(d) *If you receive a lump-sum payment.* Regular periodic payments can also include lump-sum payments made at your request or as an administrative convenience or practice in place of

more frequent payments. See § 408.224(e) for an explanation of how we determine the monthly amount of your benefit income if you receive a lump-sum payment.

§ 408.222 How does your other benefit income affect your SVB?

(a) *Income began before you qualify for SVB.* If, at the time you file your application for SVB, your other benefit income is equal to, or more than, the maximum SVB payment possible (see § 408.505), we will deny your SVB claim. If it is less, we will reduce any monthly SVB payments you become entitled to by the amount of your other benefit income (see § 408.510 for a description of how we make the reduction).

(b) *Income begins after you qualify for SVB.* If you have been determined to be qualified for SVB, we will reduce any monthly SVB payments you become entitled to by the amount of your other benefit income (see § 408.510 for a description of how we make the reduction).

§ 408.224 How do we determine the monthly amount of your other benefit income?

If your other benefit income is paid in other than monthly amounts, we will compute the equivalent monthly amount as follows:

(a) *Weekly payments.* We multiply the amount of the weekly payment by 52 and divide by 12 to determine the equivalent monthly payment amount.

(b) *Bi-weekly payments.* We multiply the amount of the bi-weekly payment by 26 and divide by 12 to determine the equivalent monthly payment amount.

(c) *Quarterly payments.* We multiply the amount of the quarterly payment by 4 and divide by 12 to determine the equivalent monthly payment amount.

(d) *Semi-annual payments.* We multiply the amount of the semi-annual payment by 2 and divide by 12 to determine the equivalent monthly payment amount.

(e) *Lump sum payment.* If the paying agency will not prorate the lump sum to determine the monthly amount, we will compute the amount as follows:

(1) *If the payment is for a specific period.* We divide the lump sum by the number of months in the period for

which the payment was made to determine the equivalent monthly payment amount.

(2) *If the payment is for a lifetime or for an unspecified period.* We divide the lump sum amount by your life expectancy in months at the time the lump sum is paid.

§ 408.226 What happens if you begin receiving other benefit income after you become entitled to SVB?

If you begin receiving other benefit income after you become entitled to SVB, we will reduce your SVB by the amount of those payments only if you were receiving similar benefits from the same or a related source during the 12-month period before you filed for SVB. (See § 408.220(b) for a description of when we consider other benefit income to be from the same or a related source.)

RESIDENCE OUTSIDE THE UNITED STATES

§ 408.228 When do we consider you to be residing outside the United States?

(a) *Effect of residency on SVB eligibility.* You can be paid SVB only for those months in which you are residing outside the United States but you can not be paid for a month that is earlier than the month in which you filed your application for SVB. You are residing outside the United States in a month only if you reside outside the United States on the first day of that month. For SVB purposes, you can be a resident of only one country at a time. You cannot, for example, maintain a residence in the United States and a residence outside the United States at the same time.

(b) *Definition of residing outside the United States.* We consider you to be residing outside the United States if you:

(1) Have established an actual dwelling place outside the United States; and

(2) Intend to continue to live outside the United States.

(c) *When we will assume you intend to continue living outside the United States.* If you tell us, or the evidence shows, that you intend to reside outside the United States for at least 6 months, we will assume you meet the intent requirement in paragraph (b)(2) of this
