

§ 585.301

(i) *Administration.* Youthbuild funds for administrative costs may not exceed 15 percent of the total amount of Youthbuild program and project costs or such higher percentage as HUD determines is necessary to support capacity development by a private nonprofit organization.

Subpart D—Youthbuild Implementation Grants

§ 585.301 Purpose.

HUD will award Youthbuild implementation grants to eligible applicants for the purpose of carrying out Youthbuild programs in accordance with subtitle D of title IV of the National Affordable Housing Act. Applications will be selected in a national competition in accordance with the selection process described in the current NOFA.

§ 585.302 Award limits.

Maximum awards. The maximum award for a Youthbuild implementation grant will be defined in the NOFA for each competition and may vary by competition. HUD may for good cause approve a grant in a higher amount than the specified limit.

§ 585.303 Grant term.

Funds awarded for implementation grants are expected to be used within 30 months of the effective date of the implementation grant agreement.

§ 585.304 Locational considerations.

Each application for an implementation grant may only include activities to carry out one Youthbuild program, i.e., to start a new Youthbuild program or to fund new classes of Youthbuild participants for an existing program. The same applicant organization may submit more than one application in the current competition if the proposed programs are in different jurisdictions. HUD will not approve multiple applications for implementation grants in the same jurisdiction unless it determines that the jurisdiction is sufficiently large to justify approval of more than one application.

§ 585.307 Environmental procedures and standards.

(a) *Environmental procedures.* Applicants are encouraged to select hazard-free and problem-free properties for their Youthbuild projects. Environmental procedures apply to HUD approval of implementation grants when the applicant proposes to use Youthbuild funds to cover any costs for the lease, acquisition, rehabilitation, or new construction of real property that is proposed for housing project development. Environmental procedures do not apply to HUD approval of implementation grants when applicants propose to use their Youthbuild funds solely to cover any costs for classroom and/or on-the-job construction training and supportive services. For those applicants that propose to use their Youthbuild funds to cover any costs of the lease, acquisition, rehabilitation, or new construction of real property, the applicant shall submit all relevant

environmental information in its application to support HUD decision-making in accordance with the following environmental procedures and standards.

(1) Before any Youthbuild implementation application that requests funds for acquisition, rehabilitation, or construction can be selected for funding, HUD shall determine whether any environmental thresholds are exceeded in accordance with 24 CFR part 50, which implements the National Environmental Policy Act (NEPA) and the related Federal environmental laws and authorities listed under 24 CFR 50.4.

(i) If HUD determines that one or more of the thresholds are exceeded, HUD shall conduct a compliance review of the issue and, if appropriate, establish mitigating measures that the applicant shall carry out for the property;

(ii) In performing its review, HUD may use previously issued environmental reviews prepared by local, State, or other Federal agencies for the proposed property;

(iii)(A) The application for the Youthbuild implementation grant shall provide HUD with:

(1) Applicant documentation for environmental threshold review; and

(2) Any previously issued environmental reviews prepared by local, State, or other Federal agencies for the proposed property.

(B) The applicant is encouraged to contact the local community development agency to obtain any previously issued environmental reviews for the proposed property as well as for other relevant information that can be used in the applicant documentation for the environmental threshold review. In using previous reviews by other sources, HUD must, however, conduct the environmental analysis and prepare the environmental review and be responsible for any required environmental findings.

(2) HUD reserves the right to disqualify any application where one or more environmental thresholds are exceeded if HUD determines that the compliance review cannot be conducted and satisfactorily completed within the HUD review period for applications.
