Increases in taxes and maintenance and operating costs shall be measured against levels of such expenses in comparable assisted and unassisted housing in the area to ensure that adjustments in the Contract Rents shall not result in material differences between the rents charged for assisted and comparable unassisted units. Contract Rents may be adjusted upward or downward as may be appropriate; however, in no case shall the adjusted rents be less than the contract rents on the effective date of the contract.

(c) *Special additional adjustments.* Special additional adjustments shall be granted, when approved by HUD, to reflect increases in the actual and necessary expenses of owning and maintaining the Contract units which have resulted from substantial general increases in real property taxes, utility rates or similar costs (i.e., assessment, and utilities not covered by regulated rates), but only if and to the extent that the Owner clearly demonstrates that such general increases have caused increases in the Owner's operating costs which are not adequately compensated for by automatic annual adjustments. The Owner shall submit to HUD financial statements which clearly support the increase.

(d) *Overall limitation.* Notwithstanding any other provisions of the subpart, adjustments as provided in this section shall not result in material differences between the rents charged for assisted and comparable unassisted units, as determined by HUD.

(e) *Incorporation of rent adjustments.* Any adjustment in Maximum Unit Rents shall be incorporated into the Contract by a dated addendum to the Contract establishing the effective date of the adjustment.
