

§ 891.315

24 CFR Ch. VIII (4-1-04 Edition)

(a) *Minimum group home standards.* Each group home must provide a minimum of 290 square feet of prorated space for each resident, including a minimum area of 80 square feet for each resident in a shared bedroom (with no more than two residents occupying a shared bedroom) and a minimum area of 100 square feet for a single occupant bedroom; at least one full bathroom for every four residents; space for recreation at indoor and outdoor locations on the project site; and sufficient storage for each resident in the bedroom and other storage space necessary for the operation of the home. If the project involves acquisition (with or without rehabilitation), the structure must at least be in compliance with applicable State requirements. In the absence of such requirements, the above standards shall apply.

(b) *Additional accessibility requirements.* In addition to the accessibility requirements in § 891.120(b), the following requirements apply to the Section 811 Program and to projects funded under §§ 891.655 through 891.790:

(1) All entrances, common areas, units to be occupied by resident staff, and amenities must be readily accessible to and usable by persons with disabilities.

(2) In projects for chronically mentally ill individuals, a minimum of 10 percent of all dwelling units in an independent living facility (or 10 percent of all bedrooms and bathrooms in a group home, but at least one of each such space), must be designed to be accessible or adaptable for persons with disabilities.

(3) In projects for developmentally disabled or physically disabled persons, all dwelling units in an independent living facility (or all bedrooms and bathrooms in a group home) must be designed to be accessible or adaptable for persons with physical disabilities. A project involving acquisition and/or rehabilitation may provide a lesser number if:

(i) The cost of providing full accessibility makes the project financially infeasible;

(ii) Fewer than one-half of the intended occupants have mobility impairments; and

(iii) The project complies with the requirements of 24 CFR 8.23.

(4) For the purposes of paragraph (b) of this section, the following definitions apply:

(i) *Accessible* describes a site, building, facility, or portion thereof that complies with the Uniform Federal Accessibility Standards and that can be approached, entered, and used by physically disabled people;

(ii) *Adaptability* means the ability of certain building spaces and elements, such as kitchen counters, sinks, and grab bars, to be added or altered so as to accommodate the needs of either disabled or nondisabled persons, or to accommodate the needs of either disabled or nondisabled persons, or to accommodate the needs of persons with different types or degrees of disability.

§ 891.315 Prohibited facilities.

This section shall apply to capital advances under the Section 811 Program, as well as loans financed under subpart E of this part. Project facilities may not include infirmaries, nursing stations, spaces dedicated to the delivery of medical treatment or physical therapy, padded rooms, or space for respite care or sheltered workshops, even if paid for from sources other than the HUD capital advance or loan. Except for office space used by the Owner (or Borrower, if applicable) exclusively for the administration of the project, project facilities may not include office space.

§ 891.320 Site and neighborhood standards.

In addition to the requirements in § 891.125 and § 891.680, if applicable, the following site and neighborhood requirements apply to the Section 811 Program:

(a) Travel time and cost via public transportation or private automobile, from the neighborhood to places of employment providing a range of jobs for very low-income workers (or low-income workers, as applicable), must not be excessive.

(b) Projects should be located in neighborhoods where other family housing is located. Projects should not

be located adjacent to the following facilities, or in areas where such facilities are concentrated: schools or day-care centers for persons with disabilities, workshops, medical facilities, or other housing primarily serving persons with disabilities. Not more than one group home may be located on any one site and no such home may be located on a site contiguous to another site containing such a home.

§ 891.325 Lead-based paint requirements.

The requirements of the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821-4846), the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851-4856), and implementing regulations at part 35, subparts A, B, H, and R of this title apply to the Section 811 program and to projects funded under §§ 891.655 through 891.790.

[64 FR 50228, Sept. 15, 1999]

Subpart D—Project Management

§ 891.400 Responsibilities of owner.

(a) *Marketing.* (1) The Owner must commence and continue diligent marketing activities not later than 90 days before the anticipated date of availability of the first unit or occupancy of the group home. Market activities shall include the provision of notices of the availability of housing under the program to operators of temporary housing for the homeless in the same housing market.

(2) Marketing must be done in accordance with a HUD-approved affirmative fair housing marketing plan and all Federal, State or local fair housing and equal opportunity requirements. The purpose of the plan and requirements is to achieve a condition in which eligible households of similar income levels in the same housing market area have a like range of housing choices available to them regardless of discriminatory considerations such as their race, color, creed, religion, familial status, disability, sex or national origin.

(3) At the time of PRAC execution, the Owner must submit to HUD a list of leased and unleased assisted units

(or in the case of a group home, leased and unleased residential spaces) with a justification for the unleased units or residential spaces, in order to qualify for vacancy payments for the unleased units or residential spaces.

(b) *Management and maintenance.* The Owner is responsible for all management functions. These functions include selection and admission of tenants, required reexaminations of incomes for households occupying assisted units or residential spaces, collection of tenant payments, termination of tenancy and eviction, and all repair and maintenance functions (including ordinary and extraordinary maintenance and replacement of capital items). All functions must be performed in compliance with equal opportunity requirements.

(c) *Contracting for services.* (1) With HUD approval, the Owner may contract with a private or public entity for performance of the services or duties required in paragraphs (a) and (b) of this section. However, such an arrangement does not relieve the Owner of responsibility for these services and duties. All such contracts are subject to the restrictions governing prohibited contractual relationships described in § 891.130. (These prohibitions do not extend to management contracts entered into by the Owner with the Sponsor or its nonprofit affiliate.)

(2) Consistent with the objectives of Executive Order No. 11625 (36 FR 19967, 3 CFR, 1971-1975 Comp., p. 616; as amended by Executive Order No. 12007 (42 FR 42839, 3 CFR, 1977 Comp., p. 139)); Executive Order No. 12432 (48 FR 32551, 3 CFR, 1983 Comp., p. 198); and Executive Order No. 12138 (44 FR 29637, 3 CFR, 1979 Comp., p. 393; as amended by Executive Order No. 12608 (52 FR 34617, 3 CFR, 1987 Comp., p. 245)), the Owner will promote awareness and participation of minority and women's business enterprises in contracting and procurement activities.

(d) *Submission of financial and operating statements.* The Owner must submit to HUD:

(1) Within 60 days after the end of each fiscal year of project operations,
