

## § 91.300

Income Housing Tax Credits  
(§ 91.315(j)).

(Approved by the Office of Management and Budget under control number 2506-0117)

### Subpart D—State Governments; Contents of Consolidated Plan

#### § 91.300 General.

(a) A complete consolidated plan consists of the information required in §§ 91.305 through 91.330, submitted in accordance with instructions prescribed by HUD (including tables and narratives), or in such other format as jointly agreed upon by HUD and the State.

(b) The State shall describe the lead agency or entity responsible for overseeing the development of the plan and the significant aspects of the process by which the consolidated plan was developed, the identity of the agencies, groups, organizations, and others who participated in the process, and a description of the State's consultations with social service agencies and other entities. It also shall include a summary of the citizen participation process, public comments, and efforts made to broaden public participation in the development of the consolidated plan.

(Approved by the Office of Management and Budget under control number 2506-0117)

#### § 91.305 Housing and homeless needs assessment.

(a) *General.* The consolidated plan must describe the State's estimated housing needs projected for the ensuing five-year period. Housing data included in this portion of the plan shall be based on U.S. Census data, as provided by HUD, as updated by any properly conducted local study, or any other reliable source that the State clearly identifies and should reflect the consultation with social service agencies and other entities conducted in accordance with § 91.110 and the citizen participation process conducted in accordance with § 91.115. For a State seeking funding under the HOPWA program, the needs described for housing and supportive services must address the needs of persons with HIV/AIDS and their families in areas outside of eligible metropolitan statistical areas.

## 24 CFR Subtitle A (4-1-04 Edition)

(b) *Categories of persons affected.* (1) The consolidated plan shall estimate the number and type of families in need of housing assistance for extremely low-income, low-income, moderate-income, and middle-income families, for renters and owners, for elderly persons, for single persons, for large families, for persons with HIV/AIDS and their families, and for persons with disabilities. The description of housing needs shall include a discussion of the cost burden and severe cost burden, overcrowding (especially for large families), and substandard housing conditions being experienced by extremely low-income, low-income, moderate-income, and middle-income renters and owners compared to the State as a whole. (The State must define in its consolidated plan the terms "standard condition" and "substandard condition but suitable for rehabilitation.")

(2) For any of the income categories enumerated in paragraph (b)(1) of this section, to the extent that any racial or ethnic group has disproportionately greater need in comparison to the needs of that category as a whole, assessment of that specific need shall be included. For this purpose, disproportionately greater need exists when the percentage of persons in a category of need who are members of a particular racial or ethnic group is at least 10 percentage points higher than the percentage of persons in the category as a whole.

(c) *Homeless needs.* The plan must describe the nature and extent of homelessness (including rural homelessness) within the State, addressing separately the need for facilities and services for homeless individuals and homeless families with children, both sheltered and unsheltered, and homeless subpopulations, in accordance with a table prescribed by HUD. This description must include the characteristics and needs of low-income individuals and families with children (especially extremely low-income) who are currently housed but threatened with homelessness. The plan also must contain a narrative description of the nature and extent of homelessness by racial and ethnic group, to the extent information is available.

(d) *Other special needs.* (1) The State shall estimate, to the extent practicable, the number of persons who are not homeless but require supportive housing, including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addiction, persons with HIV/AIDS and their families, and any other categories the State may specify, and describe their supportive housing needs.

(2) With respect to a State seeking assistance under the HOPWA program, the plan must identify the size and characteristics of the population with HIV/AIDS and their families within the area it will serve.

(e) *Lead-based paint hazards.* The plan must estimate the number of housing units within the State that are occupied by low-income families or moderate-income families that contain lead-based paint hazards, as defined in this part.

[60 FR 1896, Jan. 5, 1995, as amended at 61 FR 51760, Oct. 3, 1996]

#### § 91.310 Housing market analysis.

(a) *General characteristics.* Based on data available to the State, the plan must describe the significant characteristics of the State's housing markets (including such aspects as the supply, demand, and condition and cost of housing).

(b) *Homeless facilities.* The plan must include a brief inventory of facilities and services that meet the needs for emergency shelter and transitional housing needs of homeless persons within the State.

(c) *Special need facilities and services.* The plan must describe, to the extent information is available, the facilities and services that assist persons who are not homeless but who require supportive housing, and programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing.

(d) *Barriers to affordable housing.* The plan must explain whether the cost of housing or the incentives to develop, maintain, or improve affordable housing in the State are affected by its poli-

cies, including tax policies affecting land and other property, land use controls, zoning ordinances, building codes, fees and charges, growth limits, and policies that affect the return on residential investment.

#### § 91.315 Strategic plan.

(a) *General.* For the categories described in paragraphs (b), (c), (d), and (e) of this section, the consolidated plan must do the following:

(1) Indicate the general priorities for allocating investment geographically within the State and among priority needs;

(2) Describe the basis for assigning the priority (including the relative priority, where required) given to each category of priority needs;

(3) Identify any obstacles to meeting underserved needs;

(4) Summarize the priorities and specific objectives, describing how the proposed distribution of funds will address identified needs;

(5) For each specific objective, identify the proposed accomplishments the State hopes to achieve in quantitative terms over a specific time period (i.e., one, two, three or more years), or in other measurable terms as identified and defined by the State.

(b) *Affordable housing.* With respect to affordable housing, the consolidated plan must do the following:

(1) The description of the basis for assigning relative priority to each category of priority need shall state how the analysis of the housing market and the severity of housing problems and needs of extremely low-income, low-income, and moderate-income renters and owners identified in accordance with § 91.305 provided the basis for assigning the relative priority given to each priority need category in the priority housing needs table prescribed by HUD. Family and income types may be grouped together for discussion where the analysis would apply to more than one of them;
