

§ 941.305

24 CFR Ch. IX (4-1-04 Edition)

§ 941.305 Technical processing and approval.

(a) *Standards.* HUD shall review the full proposal, submitted in accordance with § 941.304, and the site acquisition proposal, submitted in accordance with § 941.303, to determine whether each proposal complies with all statutory, executive order, and regulatory requirements applicable to public housing development including, if applicable, the comments received as a result of Intergovernmental Review. In addition, HUD shall carry out any necessary statutory and executive order reviews with respect to the proposal under review. If HUD determines that the proposal under review is acceptable, it shall notify the PHA in writing and shall forward to it for execution an ACC (or ACC amendment). If the PHA already has executed an ACC (or ACC amendment) for the entire reserved amount, HUD shall notify the PHA that it is authorized to draw down funds in accordance with § 941.302.

(b) *Approved proposal.* Units developed under this part shall be developed only in accordance with an approved proposal.

(c) *Approved amendments.* Material changes in the approved proposal, including any increase in the budget or any change in the payment schedule, require an amendment to the proposal, which must be approved by HUD. The determination of what constitutes a material change will be made by HUD.

§ 941.306 Maximum project cost.

(a) *Calculation of maximum project cost.* The maximum project cost represents the total amount of public housing capital assistance used in connection with the development of a public housing project, and includes: (1) project costs that are subject to the TDC limit (*i.e.*, Housing Construction Costs and Community Renewal Costs); and (2) project costs that are not subject to the TDC limit (*i.e.*, Additional Project Costs). The total project cost to be funded with public housing capital assistance, as set forth in the proposal and as approved by HUD, becomes the maximum project cost stated in the ACC. Upon completion of the project, the actual project cost is determined based upon the amount of

public housing capital assistance expended for the project, and this becomes the maximum project cost for purposes of the ACC.

(b) *TDC limit.* (1) Public housing capital assistance may not be used to pay for Housing Construction Costs and Community Renewal Costs in excess of the TDC limit, as determined under paragraph (b)(2) of this section. However, HOPE VI grantees will be eligible to request a TDC exception for public housing and HOPE VI funds awarded in Fiscal Year 1996 and prior years. No exceptions to HCC limits will be granted within the TDC limit.

(2) *Determination of TDC limit.* HUD will determine the TDC for a public housing project as follows:

(i) *Step 1: Unit construction cost guideline.* HUD will first determine the applicable “construction cost guideline” averaging the current construction costs as listed in two nationally recognized residential construction cost indices for publicly bid construction of a good and sound quality for specific bedroom sizes and structure types. The two indices HUD will use for this purpose are the R.S. Means cost index for construction of “average” quality and the Marshal & Swift cost index for construction of “good” quality. HUD has the discretion to change the cost indices to other such indices that reflect comparable housing construction quality through a notice published in the FEDERAL REGISTER.

(ii) *Step 2: Bedroom size and structure types.* The construction cost guideline is then multiplied by the number of units for each bedroom size and structure type.

(iii) *Step 3: Elevator and non-elevator type structures.* HUD will then multiply the resulting amounts from step 2 by 1.6 for elevator type structures and by 1.75 for non-elevator type structures.

(iv) *Step 4: TDC limit.* The TDC limit for a project is calculated by adding the resulting amounts from step 3 for all the public housing units in the project.

(3) *Costs not subject to the TDC limit.* Additional Project Costs are not subject to the TDC limit described in paragraph (b)(2) of this section.

(4) *Funds not subject to the TDC limit.* A PHA may use funding sources not
