

separate returns are filed. If a consolidated return is filed by some component members of the group and separate returns are filed by other component members, then the common parent of the group filing the consolidated return shall enter into an agreement with those members who do not join in filing the consolidated return allocating the amount between the group filing the return and the other component members of the controlled group who do not join in filing the consolidated return. If a consolidated return is filed, the common parent corporation shall file a separate statement attached to the income tax return on which an election is made to amortize reforestation costs under section 194. See §1.194-4. If separate returns are filed by some or all component members of the group, each component member to which is allocated any part of the deduction under section 194 shall file a separate statement attached to the income tax return in which an election is made to amortize reforestation expenditures. See §1.194-4. Such statement shall include the name, address, employer identification number, and the taxable year of each component member of the controlled group, a copy of the allocation agreement signed by persons duly authorized to act on behalf of those members who file separate returns, and a description of the manner in which the deduction under section 194 has been divided among them.

(5) *Partnerships*—(i) *Election to be made by partnership.* A partnership makes the election to amortize qualified reforestation expenditures of the partnership. See section 703(b).

(ii) *Dollar limitations applicable to partnerships.* The dollar limitations of section 194 apply to the partnership as well as to each partner. Thus, a partnership may not elect to amortize more than \$10,000 of reforestation expenditures under section 194 in any taxable year.

(iii) *Partner's share of amortizable basis.* Section 704 and the regulations thereunder shall govern the determination of a partner's share of a partnership's amortizable reforestation expenditures for any taxable year.

(iv) *Dollar limitation applicable to partners.* A partner shall in no event be entitled in any taxable year to claim a deduction for amortization based on more than \$10,000 (\$5,000 in the case of a married taxpayer who files a separate return) of amortizable basis acquired in such taxable year regardless of the source of the amortizable basis. In the case of a partner who is a member of two or more partnerships that elect under section 194, the partner's aggregate share of partnership amortizable basis may not exceed \$10,000 or \$5,000, whichever is applicable. In the case of a member of a partnership that elects under section 194 who also has separately acquired qualified timber property, the aggregate of the member's partnership and non-partnership amortizable basis may not exceed \$10,000 or \$5,000 whichever is applicable.

(6) *S corporations.* For taxable years beginning after December 31, 1982, rules similar to those contained in paragraph (b)(5) (ii) and (iv) of this section shall apply in the case of S corporations (as defined in section 1361(a)) and their shareholders.

(7) *Estates.* Estates may elect to amortize in each taxable year up to a maximum of \$10,000 of qualifying reforestation expenditures under section 194. Any amortizable basis acquired by an estate shall be apportioned between the estate and the income beneficiary on the basis of the income of the estate allocable to each. The amount of amortizable basis apportioned from an estate to a beneficiary shall be taken into account in determining the \$10,000 (or \$5,000) amount of amortizable basis allowable to such beneficiary under this section.

(c) *Life tenant and remainderman.* If property is held by one person for life with remainder to another person, the life tenant is entitled to the full benefit of any amortization allowable under section 194 on qualifying expenditures he or she makes. Any remainder interest in the property is ignored for this purpose.

§ 1.194-3 Definitions.

(a) *Qualified timber property.* The term *qualified timber property* means property located in the United States which will

contain trees in significant commercial quantities. The property may be a woodlot or other site but must consist of at least one acre which is planted with tree seedlings in the manner normally used in forestation or reforestation. The property must be held by the taxpayer for the growing and cutting of timber which will either be sold for use in, or used by the taxpayer in, the commercial production of timber products. A taxpayer does not have to own the property in order to be eligible to elect to amortize costs attributable to it under section 194. Thus, a taxpayer may elect to amortize qualifying reforestation expenditures incurred by such taxpayer on leased qualified timber property. Qualified timber property does not include property on which the taxpayer has planted shelter belts (for which current deductions are allowed under section 175) or ornamental trees, such as Christmas trees.

(b) *Amortizable basis.* The term *amortizable basis* means that portion of the basis of qualified timber property which is attributable to reforestation expenditures.

(c) *Reforestation expenditures*—(1) *In general.* The term *reforestation expenditures* means direct costs incurred to plant or seed for forestation or reforestation purposes. Qualifying expenditures include amounts spent for site preparation, seed or seedlings, and labor and tool costs, including depreciation on equipment used in planting or seeding. Only those costs which must be capitalized and are included in the adjusted basis of the property qualify as reforestation expenditures. Costs which are currently deductible do not qualify.

(2) *Cost-sharing programs.* Any expenditures for which the taxpayer has been reimbursed under any governmental reforestation cost-sharing program do not qualify as reforestation expenditures unless the amounts reimbursed have been included in the gross income of the taxpayer.

(d) *Definitions of controlled group of corporations and component member of controlled group.* For purposes of section 194, the terms *controlled group of corporations* and *component member of a controlled group of corporations* shall have the same meaning assigned to

those terms in section 1563 (a) and (b), except that the phrase “more than 50 percent” shall be substituted for the phrase “at least 80 percent” each place it appears in section 1563(a)(1).

§ 1.194-4 Time and manner of making election.

(a) *In general.* Except as provided in paragraph (b) of this section, an election to amortize reforestation expenditures under section 194 shall be made by entering the amortization deduction claimed at the appropriate place on the taxpayer's income tax return for the year in which the expenditures were incurred, and by attaching a statement to such return. The statement should state the amounts of the expenditures, describe the nature of the expenditures, and give the date on which each was incurred. The statement should also state the type of timber being grown and the purpose for which it is being grown. A separate statement must be included for each property for which reforestation expenditures are being amortized under section 194. The election may only be made on a timely return (taking into account extensions of the time for filing) for the taxable year in which the amortizable expenditures were made.

(b) *Special rule.* With respect to any return filed before March 15, 1984, on which a taxpayer was eligible to, but did not make an election under section 194, the election to amortize reforestation expenditures under section 194 may be made by a statement on, or attached to, the income tax return (or an amended return) for the taxable year, indicating that an election is being made under section 194 and setting forth the information required under paragraph (a) of this section. An election made under the provisions of this paragraph (b) must be made not later than,

(1) The time prescribed by law (including extensions thereof) for filing the income tax return for the year in which the reforestation expenditures were made, or

(2) March 15, 1984, whichever is later. Nothing in this paragraph shall be construed as extending the time specified
