

(2) For brand names used in existing certificates of label approval issued prior to July 7, 1986:

(i) The wine shall meet the appellation of origin requirements for the geographic area named; or

(ii) The wine shall be labeled with an appellation of origin in accordance with § 4.34(b) as to location and size of type of either:

(A) A county or a viticultural area, if the brand name bears the name of a geographic area smaller than a state; or

(B) A state, county or a viticultural area, if the brand name bears a state name; or

(iii) The wine shall be labeled with some other statement which the appropriate ATF officer finds to be sufficient to dispel the impression that the geographic area suggested by the brand name is indicative of the origin of the wine.

(3) A name has viticultural significance when it is the name of a state or county (or the foreign equivalents), when approved as a viticultural area in part 9 of this chapter, or by a foreign government, or when found to have viticultural significance by the appropriate ATF officer.

(j) *Product names of geographical significance (not mandatory before January 1, 1983).* The use of product names with specific geographical significance is prohibited unless the appropriate ATF officer finds that because of their long usage, such names are recognized by consumers as fanciful product names and not representations as to origin. In such cases the product names shall be qualified with the word "brand" immediately following the product name, in the same size of type, and as conspicuous as the product name itself. In addition, the label shall bear an appellation of origin under the provisions of § 4.34(b), and, if required by the appropriate ATF officer, a statement disclaiming the geographical reference as a representation as to the origin of the wine.

(k) *Other indications of origin.* Other statements, designs, devices or representations which indicate or infer an origin other than the true place of origin of the wine are prohibited.

(l) *Foreign terms.* Foreign terms which: (1) Describe a particular condi-

tion of the grapes at the time of harvest (such as "Auslese," "Eiswein," and "Troockenbeereauslese"); or (2) denote quality under foreign law (such as "Qualitätswein" and "Kabinett") may not be used on the labels of American wine.

(m) *Use of a vineyard, orchard, farm or ranch name.* When used in a brand name, a vineyard, orchard, farm or ranch name having geographical or viticultural significance is subject to the requirements of §§ 4.33(b) and 4.39(i) of this part. Additionally, the name of a vineyard, orchard, farm or ranch shall not be used on a wine label, unless 95 percent of the wine in the container was produced from primary winemaking material grown on the named vineyard, orchard, farm or ranch.

(n) *Use of a varietal name, type designation of varietal significance, semi-generic name, or geographic distinctive designation.* Labels that contain in the brand name, product name, or distinctive or fanciful name, any varietal (grape type) designation, type designation of varietal significance, semi-generic geographic type designation, or geographic distinctive designation, are misleading unless the wine is made in accordance with the standards prescribed in classes 1, 2, or 3 of § 4.21. Any other use of such a designation on other than a class 1, 2, or 3 wine is presumed misleading.
