The inventory records must be reconciled to reflect the actual quantity of cigarettes held as of the first moment of January 1, 2000 and January 1, 2002, respectively. These records must include all supporting records of receipt and disposition.

§ 46.206 Book or record inventory requirements.

You may use a book or record inventory if you have source records that show:

§ 46.207 Cigarettes in transit.

Cigarettes in transit must be included in your inventory if you hold title to the cigarettes. If you have transferred the title, you must document the title transfer in writing. For example, you may mark the bill of lading with a written statement that indicates the time and place of the title transfer.

§ 46.208 Guidelines to determine title of cigarettes in transit.

You may use the following guidelines to establish who holds title to cigarettes in transit.

(a) If State law mandates the change in title, then no agreement or contract between seller and buyer can alter it.

(b) In the absence of State law governing the change of title between seller and buyer, the Uniform Commercial Code allows the seller and buyer to agree when title passes.

(c) If there is no State law or agreement between the seller and buyer, the Uniform Commercial Code states that title transfer depends on how the seller ships the cigarettes.

(1) *Freight on board (F.O.B.) destination.* The title transfer occurs when the seller completes the performance of the physical delivery of the cigarettes.

(2) *Freight on board (F.O.B.) shipping point.* The title transfer occurs when the seller transfers the title at the time and place of shipment, which is generally by common carrier.

§ 46.213 Cigarettes marked “not for sale” or “complimentary”.
