

§ 70.91

27 CFR Ch. I (4-1-04 Edition)

granted for payment of tax shall be disregarded. The granting of an extension of time for the payment of tax does not relieve the taxpayer from liability for the payment of interest thereon during the period of the extension. Thus, except as provided in paragraph (d) of this section, interest at the underpayment rate referred to in § 70.93 of this part is payable on any unpaid portion of the tax for the period during which such portion remains unpaid by reason of an extension of time for the payment thereof.

(2) In the case of taxes payable by stamp and in all other cases where the last date for payment of the tax is not otherwise prescribed, such last date for the purpose of the interest computation shall be deemed to be the date on which the liability for the tax arose. However, such last date shall in no event be later than the date of issuance of a notice and demand for the tax.

[T.D. ATF-251, 52 FR 19314, May 22, 1987, as amended by T.D. ATF-301, 55 FR 47613, Nov. 14, 1990]

§ 70.91 Interest on erroneous refund recoverable by suit.

Any portion of an internal revenue tax (or any interest, assessable penalty, additional amount, or addition to tax) which has been erroneously refunded, and which is recoverable by a civil action pursuant to 26 U.S.C. 7405, shall bear interest at the underpayment rate referred to in § 70.93 of this part.

(26 U.S.C. 6602)

[T.D. ATF-301, 55 FR 47614, Nov. 14, 1990]

§ 70.92 Interest on overpayments.

(a) *General rule.* Except as otherwise provided, interest shall be allowed on any overpayment of any tax at the overpayment rate referred to in § 70.93 of this part from the date of overpayment of the tax.

(b) *Date of overpayment.* Except as provided in section 6401(a) of the Internal Revenue Code, relating to assessment and collection after the expiration of the applicable period of limitation, there can be no overpayment of tax until the entire tax liability has been satisfied. Therefore, the dates of

overpayment of any tax are the date of payment of the first amount which (when added to previous payments) is in excess of the tax liability (including any interest, addition to the tax, or additional amount) and the dates of payment of all amounts subsequently paid with respect to such tax liability.

(c) *Period for which interest is allowable in case of refunds.* If an overpayment of tax is refunded, interest shall be allowed from the date of the overpayment to a date determined by the appropriate ATF officer which shall not be more than 30 days prior to the date of the refund check. The acceptance of a refund check shall not deprive the taxpayer of the right to make a claim for any additional overpayment and interest thereon, provided the claim is made within the applicable period of limitation. However, if a taxpayer does not accept a refund check, no additional interest on the amount of the overpayment included in such check shall be allowed.

(d) *Period for which interest allowable in case of credits—(1) General rule.* If an overpayment of tax is credited, interest shall be allowed from the date of overpayment to the due date (as determined under paragraph (d)(2) of this section of the amount against which such overpayment is credited.

(2) *Determination of due date—(i) General.* The term *due date*, as used in this section, means the last day fixed by law or regulations for the payment of the tax (determined without regard to any extension of time), and not the date on which the appropriate ATF officer makes demand for the payment of the tax. Therefore, the due date of the tax is the date fixed for the payment of the tax;

(ii) *Tax not due yet.* If a taxpayer agrees to the crediting of an overpayment against tax and the schedule of allowance is signed prior to the date on which such tax would otherwise become due, then the due date of such tax shall be the date on which such schedule is signed;

(iii) *Interest.* In the case of a credit against interest that accrues for any period ending prior to January 1, 1983, the due date is the earlier of the date of assessment of such interest or December 31, 1982. In the case of a credit

against interest that accrues from any period beginning on or after December 31, 1982, such interest is due as it economically accrues on a daily basis, rather than when it is assessed.

(iv) *Additional amount, addition to the tax, or assessable penalty.* In the case of a credit against an additional amount, addition to the tax, or assessable penalty, the due date is the earlier of the date of assessment or the date from which such amount would bear interest if not satisfied by payment or credit.
