§ 335.3 Applications to receive allocation.

(a) In each year prior to a Tariff Rate Quota Year, the Department will cause to be published a FEDERAL REGISTER notice soliciting applications to receive an allocation of the Tariff Rate Quotas.

(b) An application for a Tariff Rate Quota allocation must be received, or postmarked by the U.S. Postal Service, within 30 calendar days after the date of publication of the FEDERAL REGISTER notice soliciting applications.

(c) During the calendar year of the date of the application, an applicant must have cut and sewed in the United States all three of the following apparel products: Worsted Wool Suits, Worsted Wool Suit-Type Jackets, and Worsted Wool Trousers. The applicant may either have cut and sewn these products on its own behalf or had another person cut and sew the products on the applicant's behalf, provided the applicant owned the fabric at the time it was cut and sewn. The application must contain a statement to this effect.

(d) An applicant must provide the following information in the format set forth in the application form provided by the Department:

(1) *Identification.* Applicant's name, address, telephone number, fax number, and federal tax identification number; name of person submitting the application, and title, or capacity in which the person is acting for the applicant.

(2) *Production.* Name and address of each plant or location where Worsted Wool Suits, Worsted Wool Suit-Type Jackets, and Worsted Wool Trousers were cut and sewn by the applicant and the name and address of all plants or locations that cut and sewed such products on behalf of the applicant. Production data, including the following: the quantity and value of the Worsted Wool Suits, Worsted Wool Suit-Type Jackets, and Worsted Wool Trousers cut and sewn in the United States by applicant, or on behalf of applicant, from fabric owned by applicant. This data must indicate actual production (not estimates) of Worsted Wool Suits, Worsted Wool Suit-Type Jackets and Worsted Wool Trousers containing at

least 85 percent worsted wool fabric by weight with an average diameter of 18.5 microns or less. This data must also indicate actual production (not estimates) of Worsted Wool Suits, Worsted Wool Suit-Type Jackets and Worsted Wool Trousers containing at least 85 percent worsted wool fabric by weight with average diameter greater than 18.5 microns. Production data must be provided for the first six months of the year of the application. This data will be annualized for the purpose of making Tariff Rate Quota allocations.

(3) *2000 Production Data.* For applications for the 2001 Tariff Rate Quota Year, if production data is not available by micron count, the following method of estimating micron count will be accepted: To estimate production of Worsted Wool Suits, Worsted Wool Suit-Type Jackets and Worsted Wool Trousers made from worsted wool fabric with average diameter 18.5 microns or less, use a value of \$8.50 per square meter (f.o.b. plant) or more for such garments made from domestic fabric and \$12.50 per square meter (c.i.f. duty paid landed value) or more for such garments made from imported fabric. To estimate production of such garments made from worsted wool fabric with average diameter greater than 18.5 microns, use a value of less than \$8.50 per square meter (f.o.b. plant) for such garments made from domestic fabric and less than \$12.50 (c.i.f. duty paid landed value) per square meter for such garments made from imported fabric.

(4) *Worsted Wool Fabric.* Data indicating the quantity and value of the Worsted Wool Fabric used in reported production.

(5) *Certification.* A statement by the applicant (if a natural person), or on behalf of applicant, by an employee, officer or agent, with personal knowledge of the matters set out in the application, certifying that the information contained therein is complete and accurate, signed and sworn before a Notary Public, and acknowledging that false representations to a federal agency may result in criminal penalties under federal law.

§ 335.4 Allocation.

(a) Each Tariff Rate Quota (HTS 9902.51.11 and HTS 9902.51.12) will be allocated separately. Allocation will be based on an applicant's Worsted Wool Suit production, on a weighted average basis, and the proportion of imported Worsted Wool Fabric consumed in the production of Worsted Wool Suits.

(b) For the purpose of calculating allocations, Worsted Wool Suit production will be increased by the percentage of imported fabric consumed in the production of Worsted Wool Suits to total fabric consumed in this production. For example, if an applicant uses 30 percent imported fabric in the production of Worsted Wool Suits, that applicant's production level will be increased by 30 percent.

(c) The Department will cause to be published in the FEDERAL REGISTER its determination to allocate the Tariff Rate Quotas and will notify applicants of their respective allocation as soon as possible. Promptly thereafter, the Department will issue licenses.
