

declared Schedule 2 plant sites, in addition to the verification activities listed in paragraph (b)(1) of this section, the Host Team and the Inspection Team will generally draft site-specific facility agreements for the conduct of routine inspections (see §716.6).

(ii) *Routine inspections.* During routine inspections of declared Schedule 2 plant sites, the verification activities listed in paragraph (b)(1) of this section will be carried out pursuant to any appropriate site-specific facility agreements developed during the initial inspections (see §716.6), and concluded between the U.S. Government and the OPCW pursuant to the Convention and the Act.

(c) *Schedule 3 plant sites. (1) Purposes of inspections.* The general aim of inspections of declared Schedule 3 plant sites is to verify that activities are consistent with the information provided in declarations. The particular aim of inspections is to verify the absence of any Schedule 1 chemical, especially its production, except in accordance with the Convention.

(2) *Routine inspections.* During routine inspections of declared Schedule 3 plant sites, in addition to the verification activities listed in paragraph (c)(1) of this section, the Host Team and the Inspection Team may draft site-specific facility agreements for the conduct of subsequent routine inspections (see §716.6). Although the Convention does not require facility agreements for declared Schedule 3 plant sites, the owner, operator, occupant or agent in charge of a plant site may request one. The Host Team will not seek a facility agreement if the owner, operator, occupant or agent in charge of the plant site does not request one. Subsequent routine inspections will be carried out pursuant to site-specific facility agreements, if applicable.

(d) *Unscheduled Discrete Organic Chemicals plant sites.* Declared unscheduled discrete organic chemical (UDOC) plant sites will be subject to inspection beginning April 29, 2000.

(1) *Purposes of inspections.* The general aim of inspections of declared UDOC plant sites is to verify that activities are consistent with the information provided in declarations. The

particular aim of inspections is to verify the absence of any Schedule 1 chemical, especially its production, except in accordance with the Convention.

(2) *Routine inspections.* During routine inspections of declared UDOC plant sites, in addition to the verification activities listed in paragraph (d)(1) of this section, the Host Team and the Inspection Team may develop draft site-specific facility agreements for the conduct of subsequent routine inspections (see §716.6). Although the Convention does not require facility agreements for declared UDOC plant sites, the owner, operator, occupant or agent in charge of a plant site may request one. The Host Team will not seek a facility agreement if the owner, operator, occupant or agent in charge of the plant site does not request one. Subsequent routine inspections will be carried out pursuant to site-specific facility agreements, if applicable.

#### **§716.3 Consent to inspections; warrants for inspections.**

(a) The owner, operator, occupant or agent in charge of a facility may consent to an initial or routine inspection. The individual giving consent on behalf of the facility represents that he or she has the authority to make this decision for the facility.

(b) In instances where consent is not provided by the owner, operator, occupant or agent in charge for an initial or routine inspection, the Department of Commerce intends to seek administrative warrants as provided by the Act.

#### **§716.4 Scope and conduct of inspections.**

(a) *General.* Each inspection shall be limited to the purposes described in §716.2 and shall be conducted in the least intrusive manner, consistent with the effective and timely accomplishment of its purpose as provided in the Convention.

(b) *Scope. (1) Description of inspections.* During inspections, inspectors will receive a pre-inspection briefing from facility representatives; visually inspect the facilities or plants producing scheduled chemicals or UDOCs, which may include storage areas, feed lines, reaction vessels and ancillary
