### **§ 801.1 Purpose.**

The purpose of this part is to set forth the rules and regulations necessary to carry out the data collection program concerning international trade in services that is required by, or provided for in, the International Investment and Trade in Services Survey Act (Pub. L. 94-472, 90 Stat. 2059, 22 U.S.C. 3101 to 3108, as amended by section 306 of Pub. L. 98-573), hereafter "the Act." The overall purpose of the Act with respect to services trade is to provide comprehensive and reliable information pertaining to international trade in services, and to do so with the minimum burden on respondents and with no unnecessary duplication of effort. The data are needed for policy-making purposes, for conducting international negotiations on trade in services, and for improving the recording of services transactions in the U.S. balance of payments accounts.

### **§ 801.2 Recordkeeping requirements.**

In accordance with section 5(b)(1) of the Act (22 U.S.C. 3104), persons subject

to the jurisdiction of the United States shall maintain any information (including journals or other books of original entry, minute books, stock transfer records, lists of shareholders, or financial statements) which is essential for carrying out the surveys and studies provided for by the Act.

### **§ 801.3 General reporting requirements.**

(a) In accordance with section 5(b)(2) of the Act (22 U.S.C. 3104) persons subject to the jurisdiction of the United States shall furnish, under oath, any report containing information which is determined to be necessary to carry out the surveys and studies provided for by the Act.

(b) Such reports may be required from any U.S. person, other than the U.S. Government, engaged in international trade in services. Specific reporting requirements for a given report form are set forth below and, in more detail, on the form itself.

### **§ 801.4 Response required.**

Reports, as specified below, are required from all U.S. persons coming within the reporting requirements, whether or not they are contacted by BEA. In addition, any person BEA contacts by sending them report forms must respond in writing. The response must be made by the due date of the report, either by filing the properly completed report form or by certifying in writing on the form that the person has no international services transactions within the purview of the Act or the regulations contained herein. The latter requirement is necessary to ensure compliance with reporting requirements and efficient administration of the Act.

### **§ 801.5 Confidentiality.**

Information collected pursuant to § 801.3 is confidential (see section 5(c) of the Act, 22 U.S.C. 3104).

(a) Access to this information shall be available only to officials and employees (including consultants and contractors and their employees) of agencies designated by the President to perform functions under the Act.

(b) Subject to paragraph (d) of this section, the President may authorize

(c) Nothing in this part shall be construed to require any Federal agency to disclose information otherwise protected by law.

(d) This information shall be used solely for analytical or statistical purposes or for a proceeding under § 801.6.

(e) No official or employee (including consultants and contractors and their employees) shall publish or make available to any other person any information collected under the Act in such a manner that the person to whom the information relates can be specifically identified.

(f) Reports and copies of reports prepared pursuant to the Act are confidential and their submission or disclosure shall not be compelled by any person without the prior written permission of the person filing the report and the customer of such person where the information supplied is identifiable as being derived from the records of such customer.
