

(c) Petitions for discretionary review may be filed only upon one or more of the following grounds:

(1) A finding of a material fact is clearly erroneous based upon the evidence in the record;

(2) A necessary legal conclusion is contrary to law or precedent:

(3) A substantial and important question of law, policy, or discretion is involved (including the amount of the civil penalty); or

(4) A prejudicial procedural error has occurred.

(d) Each issue must be separately numbered, concisely stated, and supported by detailed citations to the record, statutes, regulations, and principal authorities. Issues of fact or law not argued before the Judge may not be raised on review unless they were raised for the first time in the initial decision, or could not reasonably have been foreseen and raised by the parties during the hearing. The Administrator will not consider new or additional evidence that is not a part of the record before the Judge.

(e) No oral argument on petitions for discretionary review will be allowed.

(f) Within 30 days after service of a petition for discretionary review, any party may file and serve an answer in support or in opposition. No further replies are allowed.

(g) If the Administrator declines to exercise discretionary review, such order will be served on all parties personally or by registered or certified mail, return receipt requested, and will specify the date upon which the Judge's decision will become effective as the final decision of NOAA. The Administrator need not give reasons for declining review.

(h) If the Administrator grants a petition for discretionary review, he or she will issue an order specifying issues to be briefed and a briefing schedule. Such issues may constitute one or more of the issues raised in the petition for discretionary review and/or matters the Administrator wishes to review on his or her own initiative. Only those issues specified in the order may be argued in the briefs and considered by the Administrator. No oral argument will be permitted.

(i) After expiration of the period for filing briefs under paragraph (h) of this section, the Administrator will render a written decision on the issues under review. The Administrator will transmit the decision to each of the parties by registered or certified mail, return receipt requested. The Administrator's decision becomes the final administrative decision on the date it is served, unless otherwise provided in the decision.

Subpart D—Permit Sanctions and Denials

GENERAL

§ 904.300 Scope and applicability.

(a) This subpart sets forth policies and procedures governing the suspension, revocation, modification, and denial of permits for reasons relating to enforcement of the statutes cited in § 904.1(c), except for the statutes listed in paragraph (b) of this section. These reasons include nonpayment of civil penalties or criminal fines, and violations of statutes, regulations, or permit conditions. Nothing in this subpart precludes sanction or denial of a permit for reasons not relating to enforcement. As appropriate, and unless otherwise specified in this subpart, the provisions of Subparts A, B, and C apply to this subpart.

(b) Regulations governing sanctions and denials of permits issued under the Deep Seabed Hard Mineral Resources Act (30 U.S.C. 1401 *et seq.*) appear at 15 CFR part 970; under the Ocean Thermal Energy Conversion Act of 1980 (42 U.S.C. 9101 *et seq.*), at 15 CFR part 981.

§ 904.301 Bases for sanctions or denials.

(a) Unless otherwise specified in a settlement agreement, or otherwise provided in this subpart, NOAA may take action under this subpart with respect to any permit issued under the statutes cited in § 904.1(c). The bases for an action to sanction or deny a permit are as follows:

(1) The commission of any offense prohibited by any statute administered by NOAA, including violation of any

§ 904.302

regulation promulgated or permit condition or restriction prescribed thereunder, by the permit holder or with the use of a permitted vessel;

(2) The failure to pay a civil penalty assessed under subparts B and C of this part; or

(3) The failure to pay a criminal fine imposed or to satisfy any other liability incurred in a judicial proceeding under any of the statutes administered by NOAA.

(b) A sanction may be imposed or a permit denied under this subpart with respect to the particular permit pertaining to the offense or nonpayment, and may also be applied to any NOAA permit held or sought by the permit holder, including permits for other activities or for other vessels. Examples of the application of this policy are the following:

(1) NOAA suspends Vessel A's fishing permit for nonpayment of a civil penalty pertaining to Vessel A. The owner of Vessel A buys Vessel B and applies for a permit for Vessel B to participate in the same or a different fishery. NOAA may withhold that permit until the sanction against vessel A is lifted.

(2) NOAA revokes a Marine Mammal Protection Act permit for violation of its conditions. The permit holder subsequently applies for a permit under the Endangered Species Act. NOAA may deny the ESA application.

(3) Captain X, an officer in Country Y's fishing fleet, is found guilty of assaulting an enforcement officer. NOAA may impose a condition on the permits of Country Y's vessels that they may not fish in the fishery conservation zone with Captain X aboard. (See §904.320(c).)

(c) Sanction not extinguished by sale. [Reserved]

§ 904.302 Notice of permit sanction (NOPS).

(a) A NOPS will be served personally or by registered or certified mail, return receipt requested, on the permit holder. When a foreign fishing vessel is involved, service will be made on the agent authorized to receive and respond to any legal process for vessels of that country.

(b) The NOPS will set forth the sanction to be imposed, the bases for the

15 CFR Ch. IX (1-1-04 Edition)

sanction, and any opportunity for a hearing. It will state the effective date of the sanction, which will ordinarily not be earlier than 30 calendar days after the date of receipt of the NOPS (see §904.322).

(c) Upon demand by an authorized enforcement officer, a permit holder must surrender a permit against which a sanction has taken effect. The effectiveness of the sanction, however, does not depend on surrender of the permit.

§ 904.303 Notice of intent to deny permit (NIDP).

(a) NOAA may issue an NIDP if the applicant has been charged with a violation of a statute, regulation, or permit administered by NOAA.

(b) The NIDP will set forth the basis for its issuance and any opportunity for a hearing, and will be served in accordance with §904.302(a).

(c) NOAA will not refund any fee(s) submitted with a permit application if an NIDP is issued.

(d) An NIDP may be issued in conjunction with or independent of a NOPS. Nothing in this section should be interpreted to preclude NOAA from initiating a permit sanction action following issuance of the permit, or from withholding a permit under §904.310(c) or §904.320.

§ 904.304 Opportunity for hearing.

(a) Except as provided in paragraph (b) of this section, the recipient of a NOPS or NIDP will be provided an opportunity for a hearing. The hearing may be combined with any other hearing under this part.

(b) There will be no opportunity for a hearing if, with respect to the violation that forms the basis for the NOPS or NIDP, the permit holder had a previous opportunity to participate as a party in a judicial or administrative hearing, whether or not the permit holder did participate, and whether or not such a hearing was held.

(c) If entitled to a hearing under this section, the recipient of a NOPS or NIDP will have 30 calendar days from receipt of the notice to request a hearing. A request for hearing must be
